As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...Law Enforcement.
Preface

The Law Enforcement Officers Training Program established the Board on Law Enforcement Officer Standards and Training (BLEOST) to implement the law and its provisions. The Act directed the Criminal Justice Planning Commission to provide the Board with administrative and fiscal support and designated the Executive Director of the Commission to serve as staff director of the Board on Law Enforcement Officer Standards and Training. Since 1981, the Commission has changed its form several times. Currently, the Commission is known as Public Safety Planning, a division of the Department of Public Safety.

This “Professional Certification Policy and Procedures Manual” describes the policies and procedures the BLEOST has established concerning the employment of law enforcement officers in Mississippi. This manual is promulgated pursuant to authority granted the Board on Law Enforcement Officer Standards and Training by Chapter 474, General Laws of Mississippi, Section 4. The policies and procedures therefore have the force and effect of law and are written for the guidance of agency heads and personnel officers of law enforcement agencies whose personnel come under the jurisdiction of the LEOTP.

Composition and Authority

Title: The Office of the Board on Law Enforcement Officer Standards and Training (BLEOST).

Legal Authority: The Mississippi Code as Annotated establishes the Law Enforcement Officers Training Program in Chapter 6, § 45-6-I through 45-6-I9. The Board’s responsibilities as to constables are found at Chapter I9, § I9-I9-I and § I9-I9-5, and responsibilities as to investigators for district attorneys are found in Chapter 37, § 97-37-7.

Purpose: Our purpose is to establish a set of minimum standards for entrance into the profession of law enforcement and develop programs to implement standards and review the job relatedness of the established standards. We are also to establish and implement a dynamic law enforcement officer training program to deliver appropriate training at the beginning of and during an officer’s career. In addition to establishing programs for law enforcement officers, the BLEOST must establish training requirements, uniform and vehicle identification requirements for constables, and training requirements for district attorney investigators.

Composition: The Board consists of thirteen (13) members, six of whom are appointed by the Governor within specific guidelines. The six gubernatorial appointees must come from the following specific categories:

Two Chiefs of Police of municipalities in this state, with one of such municipalities having a population of less than five thousand (5,000).

A sheriff in this state.

A district attorney in this state.

A representative of higher education.

A representative who is a non-supervisory rank-and-file law enforcement officer.

The remaining seven members mandated by legislation are:

The Attorney General, or his designee.

The Director of the MS Highway Safety Patrol, or his designee.

The President of the MS Municipal Association or designee.

The President of the MS Association of Supervisors or designee.

The President of the MS Constable Association or designee.

The President of the MS Campus Law Enforcement Officer Association or designee.

The President of the MS Sheriffs’ Association, or his designee.

It is to be noted that not all employees of the above organizations meet the criteria for “law enforcement” and that other unlisted organizations do have certain law enforcement roles but do not meet the criteria established by state law.

* All municipalities within the State of Mississippi are empowered to have Police Departments. However, many of the smaller communities have opted to leave positions vacant.

Chapter 01: Applicant Evaluation, Employment and Certification Procedures

Purpose

100 This section establishes policy and procedure for certification of law enforcement officers.

Note: This section comprises sections formerly known as “grand-fathered” officers, newly employed officers and lateral transfers.

Policy

101 The Board shall certify as law enforcement professionals those persons who meet the employment guidelines established in accordance with Mississippi Code as Annotated § 45-6-11 (3). Additionally, the Board shall certify certain eligible law enforcement officers as being exempt from the requirements.

101.01 Certification under the Law Enforcement Officers Training Program (LEOTP) is limited by law to law enforcement officers only. A law enforcement officer is defined in the statute (§ 45-6-3 (c) and (d)) as any person who is:

1. Appointed or employed full-time, part-time, reserve, or auxiliary by the state or any political subdivision thereof,

2. Duly sworn,

3. Vested with the authority to bear arms, and to make arrests,

4. And assigned, as their primary responsibility, duties which are the prevention and detection of crime, the apprehension of criminals and the enforcement of criminal and traffic laws of the state and/or of a political subdivision of the state.

101.02 § 45-6-11 (1) provides an exclusion or “grand-father clause” for eligible law enforcement officers.

1. Law enforcement officers already serving under permanent appointment on July 1, 1981, and personnel of the division of community services under § 47-7-9, Mississippi Code of 1972, serving on July 1, 1994 are not required to meet any of the provisions of the LEOTP. This is the sole qualifying factor for any exemption under the “grand-father clause” of the LEOTP Act. The Act does not provide for any exemption based on prior years of service.

2. This exclusion from the requirements of the LEOTP is valid so long as the eligible officer does not have a break in law enforcement employment of more than two years. If an officer who is grand-fathered under the LEOTP leaves
employment as a law enforcement officer and is not re-employed as a law enforcement officer within two years, the officer will be required to meet all the requirements as described in the Act.

101.03 All law enforcement applicants with the noted exception in paragraph 101.02 above must meet the following guidelines to be employed as a law enforcement officer:

1. Be at least twenty-one (21) years of age,

2. Be a high school graduate or obtain a General Educational Development (GED) Diploma,
   a. High School graduate is defined as graduating from a secondary school in an accredited school district having earned the required Carnegie units and successfully completed any and all subject area testing as specified by the Mississippi Department of Education in the year the diploma was awarded.
   b. Accredited schools include those accredited by the Departments of Education from each State, the Private School Association from each State, the Association of Christian Schools International, the Southern Association of Colleges and Schools (SACS) or one of the six regional bodies of the Association of Colleges and Schools.
   c. If an applicant has not obtained a high school diploma from an accredited school, the applicant must obtain a GED through the Mississippi Department of Education or obtain an equivalent score on a GED test administered by the American Council on Education.
   d. Applicants may provide a standardized test score on the ACT of 15 or higher in lieu of a GED score.

3. Be a United States citizen,

4. Be of good physical and mental condition, capable of performing the duties, under conditions inherent to the profession, as verified by a licensed physician,

5. And be of good moral character as evidenced among other things by having neither a conviction, a plea of guilty, a plea of nolo contendere, having been ordered into probation or pre-trial diversion or have been fined in relation to a felony or a misdemeanor involving moral turpitude. Individuals must have been discharged from the Armed Forces under honorable conditions. Fitness for service as it relates to moral character must be verified by an appropriate background investigation.

101.04 Individuals who meet both the definition for a law enforcement officer in 101.03 above and who meet the minimum employment guidelines are eligible to be employed as a law enforcement officer.
Law Enforcement Officer Applicant Evaluation, Employment and Certification Procedures

1. Such officers must successfully complete prescribed training and obtain certification within one year for full-time status and two years for part-time status from their date of hire.

Note: Although the statute provides up to one year for full-time status and two years for part-time status from the date of hire and under certain limited conditions individuals may lawfully serve beyond this period, agencies should adopt policies to provide training as soon as possible, preferably prior to the assignment of any law enforcement duties. Law enforcement administrators are responsible for providing adequate and appropriate training to reduce the potential risks of conduct which could result in a violation of someone’s civil rights, injury or death. Failure to do so has been construed by the courts as being deliberately indifferent.

2. The probationary period begins upon the initial date of hire as a law enforcement officer. Individuals who begin employment with an agency in a non-law enforcement position such as a jailer must report the effective date of their transfer to a law enforcement position as their initial date of hire.

3. The probationary period is cumulative in nature and cannot be enlarged by additional or multiple employments. If an officer transfers from one department to another department prior to obtaining certification, the total time served will count toward the probationary period. For example, if a part-time officer began employment and quits after three months, the officer would have twenty-one months remaining upon subsequent employment. The full probationary period may only be reinstated upon a break in service of two years or more.

101.05 The LEOTP makes no provision to waive, enlarge or extend the probationary period nor does the Act authorize the Board on Law Enforcement Officer Standards and Training to waive, enlarge or extend the period. However the Act does provide that any person, who, due to illness or other events beyond his/her control, could not attend the required school/training as scheduled, may serve with full pay and benefits in such a capacity until he/she can attend the required school/training.

1. To qualify as being eligible to continue receiving pay beyond the probationary period, individuals generally must have met all selection criteria upon employment and in particular must have been able to meet the physical fitness guidelines as determined by a licensed physician. Any individual employed as a law enforcement officer with a pre-existing medical or other condition that would preclude his/her participation in the law enforcement training program does not meet the entry level standards and is not eligible for law enforcement service.

2. Applicants must have been scheduled to attend a specific basic course by name and accepted for enrollment in a course which would have satisfied the probationary period requirement. Once it is determined that an officer cannot complete the course as scheduled, the hiring agency must provide written documentation that fully describes the event which prevents the student from successfully completing the course. The written documentation must include
adequate documentation that the event was indeed beyond the student's control. A student's dismissal from the training program due to misconduct or failure to meet the academic/training standards would not constitute an event beyond that student's control. Illnesses, injuries or other events which could be reasonably avoided would not excuse a student's failure to achieve the training standards. Events, which are precipitated by a student's negligence, misconduct or illegal activity, will not be considered as "beyond the student's control". For example, a vehicular accident in which the student operator was found to be operating the vehicle in a willfully reckless fashion or under the influence of intoxicating substances would not be beyond that student’s control as such events can be readily avoided.

3. Any such event which prevents a student from completing the course as scheduled must be temporary in nature. Applicants must have reasonable potential to recover from the illness, injury or other event and make a reasonable effort to successfully complete the training course. In any case, applicants must complete the training within one year for full-time status and two years for part-time status from the date of their illness or injury or be reevaluated as to their ability to meet the physical fitness employment guidelines. Such evaluations will be conducted in accordance with the Board's policy on recall or cancellation of certificates. In addition to those procedures, applicants must submit a Board-approved medical examination dated within six months of the review hearing.

4. Events precipitated by natural disaster, civil disturbance, war or acts of God which would reasonably interfere with the normal conduct of law enforcement activities within a political subdivision or disrupt the law enforcement training programs of the state would enable an applicant to continue to serve and receive salary as a law enforcement officer.

5. Agencies must make every reasonable effort to provide training to their officers and adopt policies which ensure that their officers complete the prescribed training requirements within the probationary period. Agencies which fail to provide adequate funding or other appropriate resources to ensure compliance with the LEOTP will not be eligible to continue the service of officers who have not completed the training requirements within the probationary period.

6. Should the State fail to provide adequate resources or funding to enable each officer to complete the required law enforcement training within the time limit, agencies may continue to employ such officers until they have the opportunity to complete the next available training program.

7. The Board staff shall review the facts and circumstances for each instance where an applicant’s department requests to continue service beyond the probationary period. The staff shall determine whether the applicant was eligible to be employed as a law enforcement officer, whether the applicant was scheduled to attend a basic course within the probationary period, whether the injury, illness or other event was beyond the control of the applicant and
Law Enforcement Officer Applicant Evaluation, Employment and Certification Procedures

whether the situation will be temporary or permanent in nature.

101.06 The LEOTP makes provision to penalize agencies who employ officers without obtaining certification beyond the probationary period. These penalties include a loss of peace officer powers and authorization to receive a salary. To avoid these penalties, agencies should consider all contingencies in the planning of the evaluation, employment and training of their personnel.

Procedures

102 All law enforcement employers shall follow these steps in the evaluation, employment and certification of law enforcement officers.

102.01 The employing agency must evaluate each law enforcement applicant to ensure each applicant meets the minimum employment criteria prior to employment. This evaluation must include the following:

1. A complete background investigation. This investigation is a critical factor in determining whether law enforcement applicants meet the requirements established under the LEOTP. The primary purpose of the investigation is to provide the law enforcement employer with enough factual information to determine if a particular candidate would ensure the continued public trust in the competence and reliability of the department.

2. The submission of the applicant’s fingerprints to the Criminal Information Center of the MS Department of Public Safety (DPS/CIC) as a part of the background investigation.

   Criminal Information Center/MJIC
   Department of Public Safety
   “Fingerprints”
   3891 Highway 468 West
   Pearl, Mississippi 39208
   Telephone # - (601) 933-2600; Fax # - (601) 933-2676

   Do not send fingerprints to the Board or to any of the academies. None of these agencies will forward your applicant’s prints.

3. A review of the official Certificate of Release or Discharge From Active Duty, (DD Form 214), or other official documents of release or discharge for all applicants who have military service.

4. A review of appropriate official documents to certify successful completion of high school or the General Educational Development (GED) Testing Program as per Chapter-01, Section-101, Subsection-101.03, Paragraph-2, Subparagraph-a-d.

5. A review of appropriate official documents to certify age and citizenship.
6. A medical and psychological review completed by a licensed physician. A medical and psychological exam is also required to enter the academy. Agencies shall use the training packet medical form required for entry into the academy to accomplish both requirements with one medical evaluation. Please note that the medical evaluation is valid for six months. Medical evaluations completed more than six months prior to enrollment in an academy must be updated.

7. A review of appropriate documents to verify current certification status for those applicants transferring from another law enforcement agency or jurisdiction.

8. Officers who transfer from another Mississippi law enforcement agency with a valid certificate (with a break in-service of less than two years) must continue to meet all the minimum employment standards. Therefore, agencies must conduct a background investigation and medical/psychological exam of all applicants to include those officers who may already hold certification.

102.02 Once the employer has verified all the minimum employment standards and has employed the candidate, the employing agency shall create and maintain an individual personnel file containing a release of information form signed by the applicant, documentation of the aforementioned minimum employment specifics, documentation of the background investigation and the medical exam (i.e. official diplomas, birth certificate, DD Form 214, naturalization forms, FBI fingerprint report, etc.). The individual personnel file shall be maintained by the agency as long as the named officer is employed as a law enforcement officer within the agency. The agency head shall readily make the contents of the file available to the Board on Law Enforcement Officer Standards and Training upon receipt of a written request.

102.03 Law enforcement agencies must notify the Board on Law Enforcement Officer Standards and Training (BLEOST) within thirty days of the date of hire of any full-time, part-time, reserve, or auxiliary law enforcement officer. This notification shall be via a full-time or part-time “Law Enforcement Application for Certification and Background Investigation Review” form, Parts I, II and III. The Board will use this form to determine if the applicant meets the minimum employment and training standards required for certification.

Warning: MCA § 97-7-10 “Fraudulent Statements and Representations” provides for severe penalties for misrepresentations or fraudulent statements to a Board. This statute authorizes a fine of up to ten thousand dollars ($10,000.00) and a jail sentence of up to five (5) years. Further, the Law Enforcement Officers Training Program authorizes the Board in MCA § 45-6-11 (7) to cancel and recall any certificate obtained through misrepresentation or fraud.

1. The agency head is responsible for conducting a background investigation. The investigation should reveal whether the applicant is a “grand-fathered” officer, a certified officer or an officer who has not obtained certification in Mississippi.

a. The full-time or part-time "Law Enforcement Application for Certification and Background Investigation Review" form, Parts I, II and III shall be submitted
Law Enforcement Officer Applicant Evaluation, Employment and Certification Procedures

for either officers who have not obtained certification in this state or officers who have had a break in service of two years or more. Part II of this form must be signed and dated by the applicant. Part III of this form must be signed and dated by the agency head or an authorized designee. Both Parts II and III must be signed and dated before a notary public.

b. Agency heads must designate persons to sign BLEOST forms in writing. Such authorizations shall be submitted to the Board.

c. If the applicant for certification is the agency head, (i.e., Chief or director) forms must be signed by the next individual in the chain of command such as a mayor or college dean, etc.

2. To obtain credit for completion of basic training, agencies must submit appropriate documentation with the “Law Enforcement Application for Certification and Background Investigation Review” form. Appropriate documentation shall consist of a copy of a training certificate, a score sheet or a letter authenticated by an academy official. Credit may also be granted for completion of an advanced training course such as the Southern Police Institute or the FBI Academy.

3. In all cases, the employing agency must submit Parts I, II and III of the “Law Enforcement Application for Certification and Background Investigation Review” form within thirty days whenever any individual is employed as a law enforcement officer. Part II lists questions with a choice of a “yes” or “no” answer, and contains a statement to be signed and dated by the applicant. Part III lists procedures to be initialed, to signify completion, by the head of the agency/department or his/her authorized signee, and contains a statement to be signed and dated by the agency head or the authorized signee. Both Parts II and III must be signed and dated before a notary public.

a. Any of the questions in Part II, items one (1) through ten (10), that are answered "yes" must be explained in writing to the Board. The explanation must be typed or printed in ink on separate 8.5 x 11 sheets of paper, signed and dated by the applicant and include all related court documents. All crimes (regarding questions 4 and 5) must be reported. The only exceptions to this requirement are traffic offenses where the fine is less than one hundred dollars ($100.00) and where the applicant has had fewer than four (4) traffic offenses within the preceding twenty-four (24) months (excluding drug or alcohol related offenses).

b. Traffic offenses where the fine was more than one hundred dollars ($100.00) or offenses that involve drugs or alcohol must be reported and explained. If the applicant has had four (4) or more traffic offenses within the previous twenty-four (24) month period, the date and disposition of each offense must be listed.
c. All other types of offenses are crimes and must be reported, regardless of the fine, pleas entered, or the adjudication status. This would include but is not limited to cases that are non adjudicated, nolle prossed, dismissed or acquitted.

d. Explanation of crimes or related matters should include the date of the offense and the status of the case.

4. Agencies must submit a “Law Enforcement Application for Certification and Background Investigation Review” form, Parts I, II and III and an explanation for any answers of “yes” in Part II. Agencies should also submit documentation of basic training if applicable. No other forms or documents should be sent to the Board unless requested by the staff in writing. Other diplomas, in-service training certificates, birth records, fingerprint cards etc. should be retained in the agency personnel file.

102.04 The Board Certification Section shall review each set of forms submitted to the Board. The Certification Section:

1. Shall determine that all appropriate forms are included.

2. Shall analyze each document to verify certification specifics which the Board must consider in accordance with established policy and procedure.

3. Shall determine the Certification Status of each applicant;
   
a. Eligible for exclusion ("grand-fathered") under § 45-6-11 (1),

b. Eligible for transfer of current certification to another law enforcement agency (break in service of less than two years),

c. Eligible for certification after successful completion of the Refresher Course (completion of a Board-approved basic training course and break in service of more than two years),

d. Eligible for certification after successful completion of Board-approved basic training course,

e. Or not eligible for certification.

4. Shall communicate with the employing agency in writing to clarify information as needed and to inform the agency of the applicant’s certification status.

5. Shall track progress toward completion of assigned training of all applicants.

102.05 After the staff has notified the agency head of the applicant’s certification status, the agency head must then ensure that all arrangements are made to enroll the officer in an appropriate training program. Once the applicant has successfully
Law Enforcement Officer Applicant Evaluation, Employment and Certification Procedures

completed the prescribed training and the Board has approved the individual or group of applicants, the staff will distribute certificates and provide reimbursement of authorized expenses.

102.06 Self-Sponsored individuals may request to attend an accredited academy for the purpose of completing basic or refresher training before applying for a law enforcement position.

Accredited academies may enroll and train self-sponsored cadets after completing the following steps:

The academies must evaluate each self-sponsored applicant to ensure each applicant meets the minimum employment criteria prior to employment. This evaluation must include the following:

1. A complete background investigation. This investigation is a critical factor in determining whether law enforcement applicants meet the requirements established under the LEOTP. The primary purpose of the investigation is to provide enough factual information to determine if a particular candidate would ensure the continued public trust in the competence and reliability of a law enforcement officer.

   a. Academies must submit a “Law Enforcement Application for Certification and Background Investigation Review” form, Parts I, II and III and an explanation for any answers of “yes” in Part II which also contains a statement to be signed and dated by the self-sponsored applicant. Part III lists procedures to be initialed, to signify completion, and contains a statement to be signed and dated by the head of the academy or his/her authorized signee. Both Parts II and III must be signed and dated before a notary public.

2. The submission of the applicant’s fingerprints to the Criminal Information Center of the MS Department of Public Safety (DPS/CIC) as a part of the background investigation.

   Public Safety “Fingerprints”

   Pearl, Mississippi 39208
   Telephone # - (601) 933-2600; Fax # - (601) 933-2676

3. A review of the official Certificate of Release or Discharge From Active Duty, (DD Form 214), or other official documents of release or discharge for all applicants who have military service.

4. A review of appropriate official documents to certify successful completion of high school or the General Educational Development (GED) Testing
Program as per Chapter-01, Section-101, Subsection-101.03, Paragraph-2, Subparagraph-a-d.

5. A review of appropriate official documents to certify age and citizenship.

6. A medical and psychological review completed by a licensed physician. A medical and psychological exam is also required to enter the academy. Academies shall use the training packet medical form required for entry into the academy to accomplish both requirements with one medical evaluation. Please note that the medical evaluation is valid for six months. Medical evaluations completed more than six months prior to enrollment in an academy must be updated.

102.07 Academies may charge the self-sponsored cadet a fee to cover the expense of the background investigation. The payment of fees and tuition for basic training is the responsibility of the self-sponsored cadet. The academy may withhold a self-sponsored cadet’s records for successful completion until their financial obligation has been met. If the self-sponsored cadet that has attended the academy is appointed or employed as a law enforcement officer, he/she will be classified as a law enforcement trainee until the academy releases his/her records of successful completion of the academy.

102.08 Individuals aggrieved by the actions of the BLEOST staff may request to present their request before the Board at a regularly scheduled meeting. Such requests must be presented to the staff in writing not later than 10 working days prior to the next regularly scheduled Board meeting.
Chapter 02: Professional Certificates

Purpose

100 This section establishes policies and procedures governing professional certificates.

Policy

101 Vested by law with ownership of and full responsibility for law enforcement officers’ certificates, the Board’s policy is to ensure that certificates are issued only to fully qualified officers and revoked when appropriate and that all certificates are accounted for at all times. The law specifies that any certificate for a law enforcement officer issued as a result of the Law Enforcement Officers Training Program is the property of the Board. Although the certificate is issued in the name of the individual officer, the Board shall place the certificate in the stewardship of the employer and shall retain the right to require return of the certificate to the Board. The employer shall not transfer a certificate issued by the Board to any person or agency except through the Board director.

Procedures

102 All law enforcement employers included under the Law Enforcement Officers Training Program as described in this Policy and Procedures Manual should follow these steps in safekeeping certificates issued to their employees by the Board.

102.01 The employer, upon receiving the certificate from the Board director, should record the certificate number and the date issued in the employee’s personnel file.

102.02 The certificate should remain in the physical custody of the employer at a site which houses agency operations. The employer may provide the employee with a photostatic copy of the certificate.

102.03 The certificate, if defaced, destroyed, misplaced, or stolen while in the stewardship of the employer, will normally be replaced with a photostatic copy. The production of duplicate certificates shall be minimized. The staff will evaluate each incident prior to the issuance of a duplicate certificate.

102.04 The employer should return the certificate to the Board director, along with a complete “Termination/Reassignment Report” form, within ten working days after:

1. the employee no longer meets all of the qualifications for employment (i.e.- the employee has been convicted, pled guilty, pled nolo contendere, fined, ordered into probation or pre-trial diversion in relation to a felony or a crime involving moral turpitude, etc. [the employer shall provide official documentation of any such conviction]);
2. receiving written notice from the Board of evidence that the certificate was obtained through misrepresentation or fraud;

3. the employee dies, resigns, laterally transfers or is terminated;

4. the employee takes leave or is assigned leave from actual performance of law enforcement duties from the employer for any reason for an indefinite period or for a period planned to last more than twelve months;

5. and receiving written notice from the Board that the certificate shall be returned for other due cause as determined by the Board.

102.05 The staff shall decide the disposition of a certificate within a reasonable time after receiving notice that a certificate has been returned. The Board may decide to:

1. delay consideration of the return of the certificate;

2. inactivate the certificate;

3. assign stewardship of the certificate to a new law enforcement employer or;

4. annul/revoke a certificate, if issued in error or through misrepresentation or fraud.

102.06 In the case of lateral transfer, the staff shall forward the certificate to the appropriate employer.

102.07 The staff shall maintain the certificate and all other file information of officers who have died or whose certificates have been inactivated in the Board files.

102.08 When the staff has inactivated a certificate because an officer is no longer in law enforcement employment as described in this Policy and Procedures Manual, is on indefinite leave or leave for more than one year, or for other reasons the Board director may reactivate the certificate when the certified officer resumes employment for the employer who returned the certificate or under a new law enforcement employer included under the Law Enforcement Officers Training Program. In any case, the employer may initiate the reactivation process by forwarding a “Law Enforcement Application for Certification and Background Investigation Review” form, Parts I, II and III to the Director. The Board director shall forward a reactivated certificate to the employer.

102.09 When an officer, certified by Mississippi statute, leaves law enforcement employment for a period of two years or more, his or her certification will lapse. Upon receiving a request to reactivate the officer’s certification, the staff shall notify the employer, by letter, that the officer’s certification has lapsed, and that the officer must qualify for Board certification within one year for full-time status and two years for part-time status of his or her current date of hire.
Professional Certificates
Chapter 03: Hearings, Denial or Other Sanctions of Certificates

Purpose

100 This section establishes policy and procedures governing the classification of “not eligible for certification” or the reprimand, suspension (under conditions imposed by the board), recall or cancellation of the professional certificate of a law enforcement officer. This section also establishes the policy and procedures for board hearings for anyone aggrieved of a finding by the staff or to make special requests for relief under board policies.

Policy

101 The Board may reject any unqualified applicant for certification by a classification of not eligible for certification. Further, the Board reserves the right to reprimand, suspend or cancel and recall any certificate when:

101.01 The certificate was issued by administrative error;

101.02 The certificate was obtained through misrepresentation or fraud;

101.03 The holder has been convicted, pled guilty, pled nolo contendere, fined, ordered into probation or pre-trial diversion in relation to a felony or a crime involving moral turpitude;

101.04 The holder has committed an act of malfeasance or has been dismissed from his employing law enforcement agency;

101.05 Or other due cause as determined by the Board.

1. The Board has established standards and qualifications by rule and regulation for the employment of law enforcement officers as they relate to the competence and reliability of persons to discharge the responsibilities of that position of public trust. These standards address minimum age, education, training, physical and mental standards, citizenship, good moral character and experience.

2. Any condition, conduct or action that would breach the established minimum standards, violate the Law Enforcement Code of Ethics or would greatly diminish the public trust in the competence and reliability of a law enforcement officer would be actionable as due cause for reprimand, suspension (under conditions), recall or cancellation of a certificate.

Procedures

102 The procedures listed herein shall be followed to ensure a fair and expedient
process consistent with law.

102.01 The Board staff shall open a certification review file upon the instruction of the assistant director or the director. The director or the assistant may base the opening of a review file on a number of sources.

1. Routine activity by the Board staff that discloses noncompliance with the LEOTP or established policy shall be considered as possible basis for opening a certification review file.

2. Law enforcement agency heads may request in writing to the assistant director or the director that a certification review file be opened.

3. The investigative divisions of the state or a political subdivision thereof may request in writing to the assistant director or the director that a certification review file be opened.

   a. All such requests in Chapter-03, Section-102, Subsection-102.01, Paragraph-2 and 3 above, should be accompanied by documents to support the review request. All accepted materials shall become a part of the individual officer’s application packet.

   b. The release of these materials shall be in accordance with the Board’s policy and the Open Meetings and Records Act.

102.02 Once the certification review file has been opened, the Board staff shall be responsible for organizing the materials submitted as a result of the review process. The staff may correspond with the employer, official records clerks or investigative agencies to clarify information. The staff may also initiate a request through the director to the investigative division of the Office of the Attorney General for further investigative support if needed.

102.03 The staff will indicate whether criminal charges have been initiated and maintain a current status report for each opened certification review file. (Information on court dates, hearings, pleas, adjudication status and sentencing shall be maintained to enable the director to take immediate action once a case has been heard.)

102.04 The director or the assistant director shall review the status of all open certification review files on a regular basis.

102.05 Once the director believes that there is sufficient cause to support a Board action in the case, the director shall decide whether a sanction should be initiated. The director may elect to:

1. delay consideration pending further information;

2. proceed with an administrative action such as a declaration of ineligible for certification or other approved sanction,
Hearings, Denial or Other Sanctions of Certificates

3. proceed with a hearing to enable the full Board to evaluate the case.

102.06 The director shall have the administrative authority to issue both temporary or permanent declarations of ineligibility for certification as well as an administrative revocation of those certificate holders who have been adjudicated guilty of a felony crime.

102.07 Individuals must be notified in writing of any administrative sanction including non-eligibility. The notification letter must contain the reasons for the sanction as well as a statement of the specific findings by the staff. The notification letter must also include instructions for requesting a board hearing.

102.08 Board hearings may be convened at the request of the director or upon the receipt of a request from an individual aggrieved of a staff finding, administrative action or to obtain relief under board policies. The director shall inform the Chair of any requests for a hearing and provide any additional information related to the hearing. The Chair may elect to hold the hearing at the next regularly scheduled meeting or at a specially convened meeting for that purpose.

1. Once the date has been established for the hearing, the director shall notify the officer and the agency head of the hearing date. The letter shall state, in clear terms, the time and place of the hearing, purpose of the hearing and proposed action to be taken. The letter will also:

a. Invite the officer to appear personally before the Board to make a presentation on his certification.

b. Advise the officer that they have a right to be heard, present evidence and that they may bring people to give oral testimony or to provide assistance in the presentation. They also may question any adverse witnesses.

c. Advise the officer that they may have counsel assist and/or represent them at the hearing.

d. Advise the officer that strict rules of evidence do not apply.

e. Advise the officer that documents may be submitted for consideration. All copies of any official documents must be submitted under the county seal or notary public. Any written testimony must be presented in the form of duly sworn affidavits. All documents must be submitted to the Board staff not later than five working days before the hearing.

102.09 Any document available under the Open Records Act shall be made available to the respondent upon request. A continuance for the hearing may be granted provided the respondent demonstrates good cause.
102.10 At the appointed time, the chair shall convene the certification hearing. The chair or the vice chair shall be the presiding officer and control the course of the hearing. The Board itself shall constitute the hearing panel.

1. The proceedings of the hearing shall be recorded electronically and a record made by a qualified court reporter.

2. The Board shall consider all oral and written material presented at the hearing.

3. The Board Attorney shall begin by putting information into the record including:
   a. The fact that the respondent received notice of hearing and complaint,
   b. The fact that the respondent has applied for certification or has been certified by the board.
   c. The fact that the respondent was advised of his right to have counsel present, to be heard, present evidence, witnesses and question any adverse witnesses.

4. The Board Attorney shall have the court reporter administer an oath to all those present who desire to speak on record.

5. The hearing shall proceed with the board’s representatives presenting their evidence and/or witnesses. The respondent may cross examine any witness. At the conclusion of the board’s presentation, the respondent will then be given an opportunity to present evidence or witnesses. The board’s representative may cross examine any witness. The Board Members may ask any questions they have of any witness during the hearing.

6. At the conclusion of all presentations and arguments, the Board may vote to enter executive session to deliberate their findings and conclusions. The final vote shall be recorded for the record. During the executive session, members may request the director, other staff or witnesses to provide assistance or to review previous information on the record.

7. During deliberations the Board shall first consider the factual charges against the officer and determine if the information presented supports the charges. If the Board finds that one or more of the charges are supported, then the Board shall consider the appropriate sanction.

8. The Board action shall be reduced to writing and entered into the written record of the proceedings. This record shall report the Board’s findings of fact relative to each charge and the certification sanction by the Board.

102.11 The director shall notify the employing agency and the officer in writing of the Board’s decision. If the Board suspended or recalled the certificate, the notification shall advise the employer that no person shall serve as a law enforcement officer
Hearings, Denial or Other Sanctions of Certificates

during a period when that person’s certificate has been suspended, canceled or recalled in accordance with Mississippi Code Annotated, § 45-6-11 (3).

102.12 An officer aggrieved by the findings and order of the Board may file an appeal with the chancery court of the county in which the officer was employed. The officer must submit written notice of the appeal and the appropriate venue to the Board within thirty days after the date of the Board’s final order.
Hearings, Denial or Other Sanctions of Certificates
Chapter 04: Compliance Monitoring and Noncompliance

Purpose

100 This section establishes the policy and procedures for compliance monitoring and for addressing any instances of noncompliance that may come to the Board’s attention.

Policy

101 The intent of the Legislature in enacting the Law Enforcement Officers Training Program (LEOTP) was clearly to establish standards for the selection and training of law enforcement officers as soon as possible upon beginning the officer’s career. This action was for the benefit of all the people of the state in that trained officers could better meet the needs of a complex society. Due to that very complex nature of today’s society, coupled with the ever increasing demands for the services of the law enforcement professional, the need for competent, capable and credible officers has never been greater. The issue of competence has become a hotly debated topic in the nation’s courts as the incidence of litigation against law enforcement officers for negligence continues to rise unabated. To further exacerbate matters, law enforcement agencies, towns, cities, counties and even state levels of government are being named by litigants for negligence and violation of civil rights. Simply stated, the potential penalty for failure to do the right thing at the right time is so great that the state and local governments can not afford to ignore the risks. In a large measure, training and standards reduce the risk potential for failure on the part of law enforcement officers. The Board’s policy is to ensure that the established standards are enforced to the maximum extent practically possible and that officers receive needed training throughout their careers. As a part of ensuring that standards are met, the Board will strive to encourage agencies and officers to achieve compliance by utilizing every asset and resource available to the Board.

Procedures

102 The primary tools the Board will use in compliance monitoring are the various forms discussed in the section of this manual concerning “Official Certification Forms”. These forms provide the Board information upon which to base decisions as to the eligibility of an applicant to become a law enforcement officer and the level of training required to meet or exceed the mandated requirement. The Board will use other sources of information as necessary to determine who is serving as a law enforcement officer and whether or not the individual is certified and thereby authorized to serve.

102.01 Compliance shall be evaluated on both an individual and organizational basis.

1. The individual must supply information to the Board through his employer. The
employer must conduct a background investigation to verify the Board certification specifics (see the “Law Enforcement Application for Certification and Background Investigation Review” form Parts II and III). This information will be reviewed by the staff to determine eligibility and training. Random checks of the information will be conducted to obtain independent verification. Once the review is completed, the Board will inform the individual on the type of training required to obtain certification. The individual will have achieved compliance only after successful completion of the training and the Board’s formal action of certification. Individuals must obtain certification within one year for full-time status and two years for part-time status after their date of hire.

2. Law enforcement agencies must establish policy that ensures only authorized (certified) officers perform duties as full-time, part-time, reserve, or auxiliary law enforcement officer. In addition to this policy, the agencies must provide requested information to the Board on a timely basis. The probationary period should prove to be ample time to achieve certification for any officer. Delays in submitting required paperwork and procrastinating in completing required training can easily result in noncompliance. No provisions are provided to waive, excuse or nullify the requirement to achieve certification within the probationary period. Agencies who have officers who can not achieve certification within the established time limit must reassign the affected individuals to other duties or terminate their employment.

102.02 The Board staff will make every reasonable effort to assist agencies in achieving compliance. The staff, the Board and the Law Enforcement Officers Training Program (LEOTP) exist to serve the needs of the law enforcement community. Hopefully, a spirit of understanding and cooperation will prevail in order that the law enforcement profession will continue to advance and obtain the recognition so richly deserved. The Board will strive to keep lines of communication open and provide assistance in overcoming problems with the certification process before the probation period expires, thereby avoiding serious problems requiring drastic measures.

1. The staff will attempt to contact the agency head to resolve any conflicting information or problems with compliance.

2. The heads of related agencies such as the mayor, Board of supervisors, etc., will be contacted as needed to resolve problems.

3. Communication with agencies shall be in writing with additional backup communication through the use of telephone and staff visits.

102.03 In addition to the information on compliance that the staff discovers through routine monitoring, the staff receives information from a variety of other sources, such as the media and citizen complaints. Information that indicates a potential compliance problem will be reviewed to determine if further information is required. Before taking any action on such information, the staff will attempt to verify the
Compliance Monitoring and Noncompliance

information with the agency head involved.

102.04 The Board will make every effort to identify the need for compliance and assist those agencies in meeting the requirements of the LEOTP prior to the expiration of the probation period.

1. If the Board discovers that a violation of the Act has been committed (i.e. an individual performs law enforcement duties in excess of one year for full-time status and two years for part-time status from their date of hire without obtaining Board certification), the Board will notify the agency head in writing of their potential liability. The Board will further notify the State Auditor that public funds may have been paid out in violation of state law. A copy of this notification will be provided to the local executive officer.

2. In addition to the above measures, the Board will not reimburse the training costs incurred by any agency who is not in compliance with the LEOTP or the provisions of this Policy and Procedures Manual. Simply stated, the payment of an officer’s salary, who performs law enforcement duties in excess of a period of one year for full-time status and two years for part-time status without obtaining certification, is prohibited. Therefore, the Board cannot reimburse any cost of salary incurred, after the expiration of the probationary period, by an officer in training, even if the agency is otherwise in compliance.

102.05 In the event an agency disagrees with the Board as to the certification process pertaining to their organization, the agency is encouraged to submit a request in writing to have a representative appear before the Board at the next regularly scheduled meeting.
Compliance Monitoring and Noncompliance
Chapter 05:  Reimbursement of Training Costs

Purpose

100 This section establishes the policy and procedures governing the reimbursement of training costs to the law enforcement agencies governed by the Law Enforcement Officers Training Program.

Policy

101 The Law Enforcement Officers Training Program created the board for the primary purpose of developing and implementing guidelines for the selection and training of law enforcement officers. Accordingly, the legislature mandated that the board authorize, but only from such funds authorized and appropriated by the Legislature, the reimbursement to each political subdivision and to state agencies of at least fifty percent (50%) of the allowable salary and allowable tuition, living and travel expense incurred by law enforcement officers in attendance at approved training programs, provided said political subdivisions and state agencies do in fact adhere to the selection and training standards established by the board. The board shall authorize, but only from such funds authorized and appropriated by the Legislature, the direct funding of a part-time law enforcement officer training program. The board shall require the payment of a reasonable tuition fee to aid in funding the costs of administering the part-time law enforcement officer training program.

Note: Reimbursement is authorized only for those agencies and subdivisions of the state who are in compliance with all provisions of the Law Enforcement Officers Training Program (LEOTP) Act to include those policies and procedures established by the board pursuant to the Act.

101.01 The priority of reimbursement funding shall be toward the development of:

1. basic training;
2. refresher/equivalency training; and
3. in-service training programs.

101.02 Reimbursement shall be allowable for officers in attendance at board-approved training programs established at such agencies or institutions as the board may deem appropriate. Contact the board staff for information on available programs.

101.03 Employers are entitled to an additional reimbursement, herein after to be known as a “transfer reimbursement”, of training expenses from other law enforcement employers should their officer leave law enforcement employment within three (3) years after the date of his employment and immediately become employed by another governmental entity in a law enforcement capacity.
1. The “transfer reimbursement” shall be a proportionate share of the training expenses incurred. For the purposes of calculating the transfer reimbursement, transfer reimbursement expenses shall include the allowable tuition, salary and documented travel costs incurred while the officer in question was enrolled in a training course. Transfer reimbursement expenses do not include any related costs to your department such as replacement officer salaries or in kind contributions. To determine the proportionate share of expenses incurred, total the Transfer reimbursement expenses. Subtract the monies reimbursed by the Board. Divide the remainder by 36. Multiply the product times the number of months remaining in the officer’s three year service period [36 less the number of months the officer has served]. An example follows:

   Officer Jones was employed as a full-time law enforcement officer by the Sparta Police Department on November 1, 2005. He attended basic training and successfully completed basic training in March of 2006. During training he was paid at a rate of $9.00 per hour. Tuition for the basic course was $3,000.00 and the documented allowable travel expenses incurred were $727.50 [ten round-trips of 150 miles at $.485 per mile or the current rate at which state and federal employees are reimbursed for mileage]. He left full-time employment with Sparta P.D. on May 31, 2006. He began working as a full-time law enforcement officer with the Wabash Police Department on June 20, 2006.

   \[
   \begin{align*}
   \text{Salary} \ [\$9.00/\text{hr} \times 400 \text{ hours (length of training)}] & = \$3,600.00 \\
   \text{Tuition} & = 3,000.00 \\
   \text{Allowable travel costs} \ (1,500 \text{ miles} @ \$ \, .485/\text{mile}) & = 727.50 \\
   \text{T} = \text{Total transfer reimbursement expenses} & = 7,327.50 \\
   \text{R} = \text{Reimbursement} & = 3,000.00 \\
   \text{S} = \text{Number of months served} & = 7 \text{ months} \\
   \text{P} = \text{Statutory 3 year period of service} & = 36 \text{ months} \\
   \text{Transfer Reimbursement} & = \left\lfloor \frac{T - R}{P} \right\rfloor (P - S) \\
   & = \left\lfloor \frac{7,327.50 - 3,000.00}{36} \right\rfloor (36 - 7) \\
   & = \left\lfloor \frac{4,327.50}{36} \right\rfloor 29 \\
   & = 120.21 \times 29 \\
   & = \$3,486.09
   \end{align*}
   \]

2. For purposes of determining eligibility for the transfer reimbursement, immediate re-employment shall be defined as obtaining another full-time, part-time, reserve, or auxiliary law enforcement appointment within thirty days of termination and/or receipt of compensation for services, accrued personal leave or compensatory leave.

101.04 Agencies must meet the following requirements in order to be eligible to receive
Reimbursement of Training Costs

reimbursement:

1. agency must be an organization of the state or a political subdivision of the state;

2. officers attending training must be full-time, part-time, reserve, or auxiliary law enforcement officers;

3. agency must have adhered to the selection and training standards established by the board;

4. all administrative requirements must have been completed pursuant to this Policy and Procedures Manual to include all forms completed in full; and

5. agency must have settled all accounts with the institution or academy where training was conducted.

101.05 For the duration of training, the academy or institution shall be the assigned place of duty. For the purposes of calculating the Standards and Training reimbursement, allowable costs of training are as follows:

1. The Board will establish the allowable training costs. Training costs shall be derived from subsistence and tuition expenses. The Board will set the allowable costs for both areas and will prorate allowable costs dependant upon the subsistence and tuition received by the student.

2. The authorized base salary of full-time, part-time, reserve, or auxiliary law enforcement officers is eligible for reimbursement for the period of enrollment in training courses. Salary shall be computed based on the gross monthly salary of the most recent full month prior to graduation. Reimbursement will only include base compensation for a standard 40 hour week. Uniform allowance or other pay benefits will not be considered for reimbursement. Reimbursement will only be authorized for salaries paid for the performance of law enforcement duties.

   a. Officers who are not certified within one year for full-time status and two years for part-time status from their date of hire are not authorized to be paid a salary. Accordingly, the board will not reimburse any salaries paid under such circumstances.

3. Allowable travel expenses shall be determined by multiplying the standard state mileage rate times the mileage for one round trip. Agencies with more than one student enrolled in a course will be expected to car pool and will receive travel for one round trip. No travel reimbursement shall be authorized for employees of state agencies who are enrolled in training programs.

4. The board shall provide training reimbursement for required mandated training
only if the training program completed satisfies the requirements. The board will designate the appropriate training program for certification purposes. If an applicant completes a course other than the designated course, the applicant will not be certified and the agency will not be reimbursed for training costs.

5. Only successfully completed board-approved training programs are allowable. The board will not reimburse the training costs of partially completed training or failed training. If the officer fails either the academic, skill areas, firearms or fitness programs, the board will not reimburse any costs of training.

Note: Evaluate your officers and correct any weaknesses before enrolling them in the training program. You should consider withdrawing your officers from training if they have difficulty in achieving course requirements for any reason at any time. Officers may return after additional preparation to attempt the course requirements.

6. The priority of training reimbursement funds shall be for the completion of mandated training. Should funds become available, grand fathered officers who attend a board-approved training course may be reimbursed for training expenses. It is recommended that the agency contact the director prior to enrolling certified personnel in board-approved courses.

Procedure

102 The board staff shall review all the information available on each academy class and determine the eligibility and amount of reimbursement to each agency.

102.01 The staff shall maintain a running balance of available funds. The estimated training demand and funds available shall be utilized to compute the reimbursement percentage.

102.02 The students enrolled in training shall provide the academy staff either a copy of a payroll voucher or a letter documenting the base salary for the month preceding enrollment. Students who fail to provide this salary or any other requested information will not be processed for certification or reimbursement until the information is received.

102.03 The academies shall provide the staff an official roster of students within five working days of the day the class begins. The roster shall include the name, social security number and agency of each student. Along with the roster, the academy shall also provide the staff the training packets (medical evaluation) and entry physical fitness test scores for each student enrolled.

102.04 The academies shall notify the staff of any withdrawals or dismissals from training during the course of the program. The notification shall include whether the officer withdrew or was dismissed and the reason (i.e. - deficiency in academics, firearms, physical fitness or skill areas). If the officer was dismissed for a violation of academy rules and regulations, the academy staff must provide a written report of
Reimbursement of Training Costs

the investigation into the incident and the disposition of any charges.

102.05 Once the class graduates, the academy shall prepare a graduation roster and score sheets. The graduation roster shall positively indicate that all students have met the basic course requirements. Any students who have not completed the requirements because they have been medically excused from physical activities due to injury or illness sustained while enrolled in the academy should be listed on a separate sheet. Once the student completes the requirements, the academy shall notify the staff in writing. This notification must be received prior to any further certification processing or reimbursement.

102.06 The staff will determine the amount of the reimbursement based on the total of: board-approved training costs, the applicant’s documented base monthly salary, and round trip mileage from the agency to the academy. This total shall then be multiplied by the reimbursement percentage factor to determine the dollar amount of the reimbursement. Eligibility will be determined by presence of all required forms, information, photographs and compliance with the Act.

102.07 After determining eligibility and amount of reimbursement, the board staff shall complete a “Claim for Reimbursement" form and submit the form to the agency head for review. The form shall contain the name and other personal data of the trainee, course attended, tuition, salary and travel costs. The agency head shall review the form, sign and return the form within five working days of receipt. Any discrepancies or misinformation on the form should be annotated and corrected, and the form should be returned unsigned. The staff shall correct the form and return it to the agency. It is imperative that this form be processed without delay as it is the basis for any funds the agency receives.

102.08 The staff will submit the “Claim for Reimbursement” to the Department of Finance and Administration for payment after the board members approve the graduates for certification. The board will maintain a copy of the claims and the warrants of payment in the board files.

102.09 Agencies should receive payment within forty-five days of receipt of the graduate’s Professional Certificate. Normally the certificates are mailed the same date the claims are submitted for payment. If the payment is not received in forty-five days, notify the board staff in writing.

102.10 The Board staff will notify the law enforcement agency from which an officer departed if an officer immediately (within thirty days) transfers within three years of employment. The notification shall state that the agency may be eligible for a “transfer reimbursement” and provide the name of the agency which has incurred the obligation.

Chapter 06: Standards for the Successful Completion of Law
Enforcement Training

Purpose

100 This section establishes policy and procedures governing the standards to be used by accredited training academies in determining what constitutes successful completion of the Basic Law Enforcement Training Program.

Policy

101 The Board approved Basic Law Enforcement Training Course shall include classroom activity, fitness training and hands-on skill certification.

101.01 Standards for successful completion of the course are as follows:

1. an academic average score of seventy percent (70%),
2. physical fitness average score of seventy percent (70%),
3. firearms qualifying score of seventy-five percent (75%),
4. defensive driving average score of eighty percent (80%),
5. defensive tactics average score of eighty percent (80%), plus a Pass/Fail Practical Examination,
6. and financial obligations paid in full by self-sponsored cadets.

101.02 Failure to meet these standards will render the student ineligible for certification as a law enforcement officer until the deficiency has been corrected. Students shall adhere to all academy rules and regulations throughout the training program. A serious breach of rules or other unacceptable conduct may result in dismissal from the training program.

101.03 The Board has established performance objectives and a curriculum. Class schedules, planned instructors and any new instructor applications are to be submitted to the staff not later than ten (10) working days prior to the beginning of the course. Any deviations from the curriculum must be reviewed by the staff and approved by the board. Curriculums that have prerequisites must be presented in the proper order. Any schedule changes must be reported in writing to the Board at the earliest opportunity (fax or e-mail), documented and maintained with the records of that course. A final schedule as amended with changes will be submitted with the final class roster and other end of course
documents.

1. Limited administrative time is provided in the schedule for testing and other needs. Any activity or presentation that is not directly related to the established curriculum or the bona fide business of the academy is prohibited. This specifically precludes any extemporaneous sales presentations for products or services, association membership drives, political speeches or other presentations from groups, associations or individuals. While the students by nature form a convenient captive audience, their time is accounted for in the curriculum and nothing shall be added without prior approval. Academies may establish policy and allow presentations during scheduled free time provided that students clearly understand that their participation is voluntary.

2. Student activities, work assignments or details shall be limited to those activities included and approved in the curriculum and those activities directly related to health, welfare and personal hygiene. Additional work assignments or details that are not related to training are prohibited. This specifically precludes using students in security or law enforcement details to augment a law enforcement agency, to provide facilities maintenance and repair beyond that required for health and welfare, grounds keeping and errands.

101.04 Participation in remedial training shall be documented and maintained as a part of the student record. No remediation shall take away from regularly scheduled training. Participation in remedial training shall be voluntary.

Procedures

102

102.01 Admission/enrollment procedure

1. Each academy shall develop an admittance and enrollment procedure. This procedure must ensure that only those applicants who are of good moral character and are physically and mentally fit are admitted to the academy.

2. The academy may also include other qualifications for admittance to the training program consistent with the LEOTP and law.

3. The academy shall provide the Board staff a preliminary roster (to include standby personnel) not later than ten (10) working days prior to the class start date. The Board staff will screen the list for LEOTP requirements. If any candidate does not meet the requirements, the Board staff will contact the agency and the academy to resolve the conflict.

4. The academy shall provide the Board staff an updated entrance roster (if applicable), the student’s graded entrance fitness score sheet, and the original completed training packets not later than five (5) working days after the class report date. The candidate’s NCIC report, certificate of high school/GED completion and verification of First Aid/CPR certification must be
attached. All conflicts or missing information in these packets must be resolved. If any candidate does not meet the requirements, the Board staff will contact the agency and the academy to resolve the conflict.

5. Any law enforcement officer who is refused admittance to the academy will be given an impartial hearing at the academy. If the officer is aggrieved of this hearing, they may request a hearing before the Board as per established procedure for revocation/refusal to certify.

102.02 Readmission procedure

1. Any student who is dismissed or voluntarily withdraws from an academy may be eligible for readmittance to training as set forth in the procedures section Chapter-06, Section-102, Subsection- 102.01 above. Once a student begins training within an academy, that academy becomes the academy of record. Students must complete their training within their academy of record to obtain certification. In most cases, students shall not be readmitted to any academy other than the academy of record from which the student withdrew.

2. Academy directors may grant a training release provided that the academy of record cannot accommodate the student within the probationary period. Directors may release students who withdraw from their academy of record due to a documented medical problem, death in the immediate family, mandated service in a state or national emergency or other compelling reason as determined by the academy director. The director shall provide a copy of the written release to the board staff and to the student.

102.03 Academic students must achieve a final academic score of seventy percent (70%) to successfully complete the basic course.

1. The academies shall develop a test plan to evaluate the student’s retention of knowledge through the administration of appropriate examinations. The test plan must be a part of the academy rules and regulations which are submitted to the Board. Academic standing must be computed on a weekly basis in order to provide timely feedback to the student. The exams may be written, hands-on, or a combination of the two types. The academy shall establish, in the plan, individual test weights, a student ranking system and a policy on final examinations. The plan must ensure re-dress of missed questions and/or incorrect procedures for each student. The academy shall maintain a sample in the academy files of each test administered during the course.

2. For the purpose of figuring academic standing, the student will be examined a minimum of once a week. The academy staff will use this cumulative average to identify students who are experiencing difficulty. Those students having an academic average below 70% should be given assistance in the form of counseling by staff members, enforced study time, involvement in a student study group, extra help sessions with instructors and the like. All of this effort will be directed toward making the student academically self-sufficient as early
as possible in the training program.

3. Any student who fails to achieve a final academic average of 70% will not be allowed to graduate from basic training. Any student who appears to be failing academically, as evidenced by an average below 70% at any time after the second week of training, will be placed on academic probation.

4. Academic probation will operate as follows, depending upon when the student’s average drops below 70%.

a. During the first four weeks of training

i. The student will be placed on academic probation for two weeks. Students and their department head will be informed of the problem.

ii. If the student’s average remains below 70% during those two weeks of probation, the student will normally be dismissed from training, except as provided in Chapter-06, Section-102, Subsection-102.03, Paragraph-4, Subparagraph-a, Clause-iii below.

iii. The student who has failed to successfully remedy the academic insufficiency during probation will be allowed to stay in training only if:

   (i) substantial progress has been made in bringing the average near 70%;

   (ii) it appears reasonable that the student may succeed academically if given additional time to conform to the academic standard; and

   (iii) the department head specifically requests that the student be allowed to continue to train.

b. After the first four weeks of training

i. The student will be placed on academic probation for one week if the department head agrees to allow the student to continue to train.

ii. The student who corrects the deficiency within one week will be allowed to continue to train. The student who fails to bring this average above 70% will be subject to dismissal except as provided in Chapter-06, Section-102, Subsection-102.03, Paragraph-4, Subparagraph-a, Clause-iii above.

5. Students who are dismissed from an academy for academic reasons may re-enroll in the next available class presented by the original academy.

102.04 Scoring Procedures

1. All events shall be scored under supervision of the academy staff using
Standards for Successful Completion of Law Enforcement Training

proscribed procedure.

2. Students shall be given feedback on their performance for every graded event. Missed or incorrect answers shall be covered with each student.

3. All scores shall be reported to the Board rounded to the nearest whole number. Fractions of one-half or more shall be rounded up to the next nearest whole number. For example, 78.5 would be reported as 79 and 78.4 would be reported as 78.

4. Students shall appeal a score to the assigned instructor. Further appeal shall be before an impartial review board established by the academy.

102.05 Firearms

1. Students must achieve a final score of seventy-five percent (75%) on the approved course of fire to successfully complete the basic course. The passing score of the approved course of fire shall be averaged with other scores recorded during firearms training to determine the students overall score. A final average score of seventy-five percent (75%) must be achieved to successfully complete the basic course. Any student who fails to achieve a passing score on the first attempt shall be given remedial training and not more than five attempts at passing firearms. Although there are numerous opportunities to practice this critical skill at the academy during the scheduled firearms training, agencies should diagnose each candidate’s marksmanship ability prior to attendance at the basic course. Candidates who have difficulty achieving acceptable scores should seek additional practice/instruction prior to arrival in the basic course.

2. Emphasis will be placed on the principles of handgun and shotgun shooting and firearm safety.

a. Board Approved Firearms Qualification Course

i. The weapon is a duty revolver or semi-automatic pistol. See Section 103.3 of Chapter 9 for the approved target list and scoring procedure. This is a 50 round course using duty ammunition or equivalent. The start position is loaded handgun in secured holster. All firing is two-handed standing unless noted otherwise. The initial loading procedure for semi-automatic handguns is to load with full magazine, magazine number two loaded with 5 rounds and all other magazines loaded to capacity. The initial loading procedure for revolvers is to load with 6 rounds. All speedloaders, speed strips, ammunition pouches, or loops loaded to capacity. All reloading must be from secured ammunition pouch. No reloading commands will be given. Ammunition management is the responsibility of the shooter after Stage II. Shooter is responsible for speed reloading or tactical reloading in order to
maintain a loaded handgun. Running out of ammunition during a stage is not a valid excuse. Rounds not fired are scored as misses.

1) **STAGE 1** 3 Yard Line, on command, draw and fire 2 rounds weapon hand only in 3 seconds. On completion of time, scan and holster. Repeat two additional times. Total of 6 rounds.

   **Note:** After Stage 1, weapon will be loaded with 6 rounds only. Semi-autos will be loaded with the 5 round magazine.

2) **STAGE 2** 5 Yard Line, on command, draw and fire 6 rounds weapon hand only and reload in 14 seconds. (Mandatory speed reload). On completion of time, scan and holster. Total of 6 rounds.

3) **STAGE 3** 5 Yard Line, on command, shooter will draw and transfer handgun to support hand and remain at the ready position for the next string. On command, fire 6 rounds support hand only in 6 seconds. On completion of time, scan and holster. Total of 6 rounds.

4) **STAGE 4** 5 Yard Line, on command, draw and fire 2 rounds center mass and 1 round within the head in 4 seconds. On completion of time, scan and holster. Repeat one additional time. Total of 6 rounds.

5) **STAGE 5** 7 Yard Line, on command, draw and fire 2 rounds in 3 seconds. On completion of time, scan and holster. Repeat two additional times. Total of 6 rounds.

6) **STAGE 6** 15 Yard Line, on command, draw and fire 3 rounds standing, drop to a kneeling position and fire 3 additional rounds in 12 seconds. On Completion of time, scan, stand, scan and holster. Repeat one additional time. Total of 12 rounds.

7) **STAGE 7** 25 Yard Line, if range has barricades, they will be used as simulated cover for this stage. Barricades may not be used for support. On command, draw and fire 4 rounds standing and 4 rounds kneeling in 45 seconds. On completion of time, scan and holster. Total of 8 rounds.

102.06 **Physical Activities**

1. Immediately following academy registration activities, all students will participate in a physical fitness evaluation. Each student must demonstrate an
Standards for Successful Completion of Law Enforcement Training

acceptable level of fitness, fifty percent (50%) in each event, to remain in the program. This fitness evaluation at the outset of the training program will ensure that all students have a suitable level of fitness to participate in all the physical activities in the training program, reduce injuries and optimize successful completion of the fitness program.

2. The academy shall conduct physical fitness training at regular intervals (i.e. alternating sessions) during the course. Students are expected to perform at the pace set by the conditioning instructor. Performance of students shall be monitored and students who are not able to meet the pace will be given counseling and extra conditioning periods. The academy shall designate the time and location where individuals enrolled in the program shall conduct additional fitness training. Apathy toward the physical fitness program, as demonstrated by consistent failure to perform at the pace set by the instructor or to fail subsequent fitness tests shall be considered misconduct and subject to disciplinary procedures. The student will be given two diagnostic fitness tests, one at approximately one third and the second at two thirds of the class length. The agency head must inform the academy if the student is to be allowed to continue to train.

3. In the final week of training, the academy will administer the physical fitness test. The student must obtain a minimum score of 70% on each event in the test. The student will be given no more than three opportunities to pass the test during the last week of training.

4. Any enrolled student who can not complete the fitness program due to an illness, injury or other event beyond their control may submit any previous passing score (seventy percent - 70%) on either the entrance fitness evaluation or a diagnostic fitness test to fulfill the requirements of the program. To receive this credit, students must not exceed the maximum allowance of five percent (5%) for excused absences. Further, each student must satisfy the academy and board that the illness, injury or event was not caused due to willful misconduct or negligent activity. Any illness or injury must be documented by appropriate treatment records submitted by licensed health care professionals. Any student who suffers an illness or injury that would result in a permanent condition that would prevent further participation in any fitness testing must undergo a fitness for duty evaluation. The evaluation must establish that the officer is capable of performing all the essential functions of the position. The record must clearly indicate the student’s condition, illness or injury and state limitations for activity. Other events must be documented by the student’s department and submitted to the academy for a decision under this program. If a student had not successfully completed a fitness test prior to the injury or illness, the student may be retested sixty days after release from medical treatment including any periods of therapy.
102.07 Conduct

1. Every accredited training academy shall promulgate a set of written rules and regulations governing the conduct of students who are at the academy for basic training. A copy of the rules and regulations will be submitted to the Board for approval. The written rules and regulations must be given to the students at the beginning of the training class. The rules and regulations should set forth acceptable and unacceptable conduct and should describe the disciplinary action which may be imposed for violation of the rules and regulations.

2. Student conduct which is a serious breach of the written rules and regulations may result in dismissal. However, prior to dismissal for disciplinary reasons, a student should be afforded the opportunity to have a hearing before an impartial review board. The composition of that board should be indicated in the rules and regulations along with notification of the procedure to be followed by the academy director and the accused student. The review board makes a recommendation to the academy director, whose decision is then final.

3. A student who has been previously dismissed from basic training for disciplinary reasons may be considered for admittance to a future training class. When re-admittance is requested by a dismissed student, the academy director must consider all pertinent factors such as the reason for prior dismissal, length of time since prior dismissal, character of the offense, and any other aggravating or mitigating circumstances. The academy director’s decision to deny re-admittance may be appealed to the Board by the student’s department head.

102.08 Skill Certification Courses

1. In addition to firearms, the basic law enforcement curriculum contains other skill courses. A student must demonstrate proficiency in Defensive Driving and Defensive Tactics. Students must score an average of eighty percent (80%) on each of the aforementioned skill areas to successfully complete the basic course. In addition, students must successfully complete (pass/fail) the Defensive Tactics Practical Exercise.

2. Students who fail their first attempt on defensive driving shall be afforded one opportunity to retest the written portion and not more than six practice runs and three tested runs for score. Students who fail defensive tactics shall be given one additional attempt on the written or practical portions of the exam.

3. Intoxilyzer is an additional specialized skills. As a practical matter, every student should be able to achieve an acceptable performance level in the intoxilyzer skill area. When a student is not able to demonstrate proficiency, that student’s permanent record will reflect that fact. This failure will not prevent successful completion of the basic course and certification. However, the academy will notify the student’s agency head of the insufficiency so that the student might seek additional training in that particular skill. Agencies should carefully consider an officer’s lack of expertise in a given skill prior to assignment of any responsibilities in that area.
NOTE: No student is excused from any part of the basic course regardless of whether he or she is authorized to use any of the aforementioned skill areas. Successful basic course candidates are certified as professional law enforcement officers in the State of Mississippi and as such, they have a need to know these common law enforcement skills.

102.09 Additional Testing - Any student who should fail firearms, defensive tactics, defensive driving, or physical fitness will be given an opportunity to complete the rest of the course. However no student shall be given credit for successful completion of the course until any and all failures have been corrected. No student, upon failure of the aforementioned areas, shall be permitted to perform any law enforcement duty in any full-time, part-time, reserve/auxiliary basis until that failure has been corrected.

1. Students shall be given two (2) opportunities, within three (3) months after the completion of the academy, to correct any deficiencies. The deficiency must be corrected at the academy in which the student was enrolled. Should any student fail to correct a deficiency within the three (3) month period the student will be required to repeat the entire course. Students must achieve a passing score in each event included in the test to successfully complete the test. The academy must submit the results of the test to the Board within five (5) working days from the date(s) of the test.

2. The academy director shall provide reasonable opportunity to correct any deficiency however any such opportunity shall be at the director’s election as to time and place. Further, no student shall be allowed further attempts to correct a deficiency without documentation of remedial training. Such documentation shall be signed by the department head or supervisory personnel and the content shall be reviewed by the academy director for adequate scope and content of the remedial training.

3. The academy director shall charge a reasonable fee for each opportunity given for re-tests to recoup their administrative costs associated with the management and retesting of applicants. No retesting fees shall be authorized for reimbursement under the LEOTP nor shall any reimbursement be made for failed training.

102.10 Every student who successfully completes the training program will receive a certificate, signed by the academy director and other appropriate official, which evidences successful completion of the academy.

102.11 Within ten (10) working days of the completion of the class, the academy must send a copy of the certificate, the student’s final grades, and the final graded fitness score sheet to their department and to the Board. The final roster of students completing the class and their class ranking, written documentation of any student failure, dismissal, or withdrawal with reason from the academy must be submitted to the Board within ten (10) working days after completion of the class.

Chapter 07: Physical Fitness Program

Purpose

100 This section establishes policy and procedures governing the Physical Fitness Program.

Policy

101 The Board requires that each law enforcement officer be able to demonstrate an acceptable level of fitness before graduation from the basic course.

101.01 The Board recognizes that fitness can greatly mitigate the effects of stress, heart and back problems. These three problems are the leading causes of lost time in law enforcement agencies nationwide. By reducing these effects, productivity will be improved.

101.02 Other additional areas of concern that fitness can effectively influence are self-defense, arrest and use of force techniques. Fitness increases exponentially the options available to the enforcer in a confrontational setting. The appearance of law enforcement officers is a major influencing factor in the development of a citizen's first impression. An officer who appears to be profoundly unfit would make a poor first impression and diminish the public’s trust in the institution. The officer’s confidence and appearance are improved as fitness levels improve, thereby adding greatly to the officer’s credibility. Confident, credible and competent officers are more effective in the performance of their duties.

101.03 Upper body strength, agility, cardiorespiratory endurance, and body fat are four measurable characteristics of fitness. The officer’s body fat percentage is evaluated as a part of the medical examination required prior to attendance at the training academy. The Board has adopted a fitness test that measures each of the following areas: upper body strength - through push-ups; agility - through a timed agility run; and cardiovascular endurance - through a 1½ mile run. The minimum acceptable score for this test is 70% for each event. The test has been age and gender adjusted to ensure that the scoring reflects the average for the general population of each group.

Note: The passing score represents the average ability of the total population for each age and gender group, therefore an officer need only possess average fitness abilities to pass the test.

101.04 Following academy registration activities, the first physical fitness test shall be administered. To remain in the program, each candidate must demonstrate an acceptable level of fitness by achieving a score of not less than 50% on each
event. Requiring students to achieve a 50% score at the beginning of the training program optimizes the chance that every student will achieve 70% by the end of the program. Further, insuring that all students begin the program at an acceptable level of fitness will diminish the incidence of injuries.

**Procedures**

102 The fitness program is a part of the probationary period activities which lead to the eventual professional certification of the law enforcement officer.

102.01 The program actually begins upon the officer’s date of hire. Officers must be deemed physically fit to satisfactorily meet the employment guidelines (See “Law Enforcement Officer Applicant Evaluation, Employment and Certification Procedures”). The “Law Enforcement Basic Training Packet” contains a medical evaluation section which should be utilized as an employment physical evaluation. This section provides the candidate, agency head and academy director information on the candidate’s potential to successfully pass the fitness test and more importantly, successfully perform all the duties of a law enforcement officer.

102.02 The packet contains a list of enforcement duties and a sample of the minimum activity required to pass the fitness test. A copy is normally included as a part of the academy registration packet.

1. The agency head and candidate must be aware of the requirements. Agencies are encouraged to administer the fitness test events to their prospective employees to provide additional information on the individual’s fitness ability.

2. The agency head must also ensure that the physician who conducts the physical examination is aware of the physical fitness conditioning requirements of the basic course, the duties and working conditions of law enforcement officers.

3. The agency head must ensure that candidates consult their physician and begin any needed exercise and/or diet plan in ample time prior to reporting to the academy. The fitness program will markedly improve fitness levels, but cannot overcome individuals who are profoundly unfit.

102.03 Each Academy Director is ultimately responsible for the safety and welfare of the law enforcement officers given over to their care while enrolled in a training program. The training packet contains key information which the Director must consider in the decision process as to whether an individual can safely participate in training. The Director may delegate the authority to some other qualified academy official to review the applications and enroll students, but the responsibility for the same cannot be delegated.

1. The academy director (or designee) shall evaluate each application prior to admittance to the academy as follows:
Physical Fitness Program

a. Memorandum (page i) - This sheet is intended to be read by the applicant, physician and the applicant’s agency head. This sheet may be discarded upon receipt of a completed training packet.

b. Information for the Physician (pages ii and iii) - These sheets contain information for the physician about the duties and working conditions of law enforcement officers. In addition to these duties, page iii provides a description of the physical fitness conditioning program and the requirements for successful completion of the training program. This sheet may also be discarded upon receipt of a completed training packet.

c. Medical Examination Report (pages 1 through 5) - This section of the training packet consists of three parts. The first part includes the “Health Questionnaire” to be completed by the law enforcement applicant. The second part contains the “Physical Fitness Examination” to be completed by the attending physician. All items in the physical examination section must be marked, and the EKG results must be noted. The “Physician’s Affidavit” must be completed by printing in ink or typing the physician’s name and by having the physician sign and date the affidavit in the appropriate spaces.

i. Health Questionnaire (pages 1 and 2) - This section must be completed by the applicant. All required entries/spaces must have a response, missing entries will result in rejection of the packet. Any question numbered 1 through 56 answered “yes” must have an explanation to include a list of the physicians consulted.

ii. Physical Fitness Examination (pages 3 through 5) - This part of the training packet is to be completed by the attending physician. All appropriate spaces must be marked. The reviewer of the form shall check that:

(i) Height/Weight has been annotated and the doctor has marked either satisfactory or excessive/deficient. If the applicant’s weight exceeds the threshold weight values to the degree that a reasonable person should know to a moral certainty that the officer’s performance/safety would be adversely affected, the condition must be corrected before admittance.

(ii) Questions one (1) through fifteen (15) are marked. It should be clear that the officer has no abnormality or other problem that would adversely affect performance and/or safety. If the doctor states that the individual is able to perform law enforcement duties with some exception or qualifier, the condition must be rectified in writing before the applicant may be admitted.

iii. Physician’s Affidavit (page 5) This section must have the physician’s name printed in ink or typed, his/her signature and the date the
examination was given. The date of the examination must coincide within one month of the applicant’s date of signature under the applicant’s affidavit and liability waiver and must be within six months of the start of training.

d. **Salary Information (page 6)** - This page contains a brief explanation of policy on the reimbursement of training expenses. Check to ensure that the form is either completed or that documentation of the officer’s salary is attached. Attach proof of high school diploma/GED and NCIC report to this page also.

e. **Law Enforcement Agency’s Affidavit (page 7)** - This section must be signed by the head of the agency/department or someone with authority to sign in his/her name. The signee’s name must be printed in ink or typed, and the affidavit must be signed and dated in the appropriate spaces.

f. **Applicant’s Affidavit & Injury Liability Waiver (page 7)** - This section must be read and signed by the applicant trainee. The applicant must have signed and dated the affidavit and liability waiver in the appropriate spaces.

g. **Application for Training(Personal Information Summary (page 8)** - This sheet contains administrative information of use to the academies and to the Board. Check to ensure all items have been completed or marked N/A (not applicable) and that all dates requested are entered. The page has space provided to attach a photograph of the applicant for identification purposes. Although a professional photograph is not required, the applicant’s photograph must be a recent picture of such clarity and finish as to allow immediate identification of the applicant.

2. If the director is unsure of the applicant’s ability to safely participate in the training program, the director may refer the candidate to another physician selected by the academy director. The referral shall be at the expense of the employing agency and/or applicant. After the completion of this examination, if the director decides to refuse to admit the applicant, the director shall contact the applicant in writing.

3. The director shall provide the Board both medical examinations and a copy of the applicant’s notification. The Board will evaluate the medical information, review the academy director’s decision and offer the applicant a hearing to determine whether the officer meets the medical fitness requirement established in the LEOTP. In making this decision, the Board may elect a medical review panel to further evaluate the candidate’s fitness for duty.

102.04 The academy director shall develop and implement a physical training program that stresses safety and optimizes the potential of students to pass the fitness test.

1. The safety and health of candidates shall be the foremost concern of the academy director and staff. The program must be designed to gradually increase performance levels. Exercise periods should be scheduled to minimize
Physical Fitness Program

the impact of weather extremes (particular care must be taken during summer months to avoid heat-related injuries). Exercise periods must begin with appropriate warm-up exercises and end with cool-down activities.

2. The academy director must develop contingency plans and procedures to ensure adequate communications, transportation and first aid coverage are provided during all phases of exercise periods. In addition to these requirements, plans for running on public streets must include appropriate visibility markings (e.g., reflective vests/tape, traffic cone flashlights, etc.) and procedures for interaction with traffic.

3. The fitness program will be administered throughout the training cycle. Fitness training shall be conducted as a group activity no less than three times weekly. Students shall participate in all physical fitness training unless excused in writing by a medical doctor. Students are expected to perform at the pace set by the conditioning instructor. Performance of students shall be monitored and students who are not able to meet the pace will be given counseling and extra conditioning periods. The academy shall designate the time and location where individuals enrolled in the program may conduct additional fitness training.

102.05 Testing and evaluation of fitness shall be conducted by the administration of scheduled fitness tests.

1. Following academy registration activities, the first physical fitness test shall be administered. Each student must demonstrate an acceptable level of fitness by achieving a score of not less than fifty percent (50%) on each event. Candidates failing to achieve this score shall be dismissed from the academy. The agency head shall be promptly notified of the student’s failure to attain an acceptable fitness score.

2. Students who fail to achieve seventy percent (70%) on each event at the scheduled fitness tests will be counseled and their agency head notified of their performance. The agency head must advise the academy of their decision to continue training for their officers. Students will be offered three attempts to pass the final fitness test. Students who fail all three attempts will not graduate from the academy. The test shall be administered as follows:

a. Students shall be informed of the test date/time at least five working days in advance.

b. The academy director shall ensure that adequate staff members are available to administer the test. The director shall ensure all safety procedures are enforced. Staff members shall observe the number of repetitions and elapsed time.

3. Standards of Scoring Conversion - The candidate’s performance on each event shall be matched with that event’s standard sheet for the score. If the number
of repetitions or performance of the candidate falls between values on the chart, the candidate must find an interval between the higher and lower performance that he/she received. If the performance falls in an interval lower half, the lower number is used. However, if the performance falls at half or more than half, the next whole number is selected.

4. **Event I** is the “Agility Run”. The agility course consists of two parallel lines on a floor separated by thirty feet (30’). One line is designated as the “Start/Finish” line, and the other, the “End Boundary” line. Both of these lines have a twelve inch (12”) cone (traffic pylon) placed on them. In addition, two other cones are to be placed equidistant between the lines.

   a. The candidate begins from a flat, prone position with hands on the “start/finish” line with his/her legs straight and feet together. When signaled to start the student arises and begins a thirty foot (30’) sprint to the “end boundary” line, stops (placing at least one foot over the end line) and sprints back to the original starting line. The student immediately negotiates a left turn around the cone on the starting line, and commences to zig-zag in a figure eight fashion around the cones up to the “end boundary” line, then zig-zagging back to the “start/finish” line. Once across the student sprints straight to the “end boundary line” and returns.

   b. Each candidate is allowed two (2) attempts at the run to record his or her best time. Any mistake will result in a restart. In each of the two attempts, the candidate is allowed (2) mistakes. Upon the third mistake, no time will be recorded for that event.

   c. A candidate’s score in this event will be determined by using the “Agility Run Standards” sheet.

5. **Event II** is the “Push-Up” test. The push-ups are done in a two (2) minute time period. The proper push-up position and form for the student is hands on the ground, feet together and arms fully extended. No other part of the body may touch the ground. The candidate shall commence in the exercise by placing his or her chest on the instructor’s fist. If the student rests during the two (2) minutes, he or she may arch their back up or down, but must resume a proper push-up position before continuing with the exercise. The instructor may inform the candidate when the time remaining reaches the one minute mark and the thirty (30) second mark.

   a. If any of the above rules are not followed by a candidate, the instructor will terminate the exercise and grant the previously completed number of push-ups to the candidate.

   b. A candidate’s score in this event will be determined by using the “Push-Up Standards” sheet.
Physical Fitness Program

6. **Event III** is the "**1.5 Mile Run**". Candidates will run a measured one and a half (1 ½) mile course. Candidates may walk during brief periods of rest.

7. Candidates must achieve a passing score in each event to successfully complete the fitness test. Failure of any one of the events would constitute failure of the entire test.

Physical Fitness Program
Chapter 8: Certification Based on Equivalency of Training and Refresher Training

Purpose

100 This section establishes policy and procedures governing the certification of law enforcement officers who have an established record of experience, training and education. The Board will establish procedures to review the record of those officers whose certification has lapsed and those officers who have training and experience in another jurisdiction (i.e., federal service). The Board will establish procedures to verify such applicants can demonstrate an adequate degree of knowledge, skills and abilities to perform the essential functions of the job.

Policy

101 The Board shall evaluate each applicant's documented record of experience, education and training. The accomplishments in each area shall be weighed to compare the applicant’s credentials with the current standards for professional certification.

101.01 The certification status of any law enforcement officer shall lapse after a break in service of more than two years. Time of Service will be determined by official Board records (applications, rosters).

1. Officers, certified in this state, who have had basic as in Chapter-08, Section-101, Subsection-101.03 and meet the employment guidelines, with a break in service of more than two (2) years, are required to complete the hands-on skill tests and law courses of the refresher course and provide verification of First Aid/CPR certification to restore their certification. The skill tests and law courses must be completed within one year for full-time status and two years for part-time status of their date of hire. The skill tests must be conducted by a certified instructor or at a Board accredited academy. The law courses must be conducted at a Board accredited academy.

2. Officers, certified in this state, who have had basic as in Chapter-08, Section 101, Subsection-101.03 and meet the employment guidelines with a break in service of five (5) years or more are required to complete the refresher course and provide verification of First Aid/CPR certification to restore their certification. The refresher course must be conducted at a Board accredited academy within one year for full-time status and two years for part-time status of their date of hire.

101.02 All transfer applicants from another state jurisdiction that meet the employment guidelines applying for certification under Equivalency of Training must have completed training and the required on the job training as defined in Chapter-08, Section-101, Subsection-101.03. Applicants who were excluded or "grandfathered" under the provisions of another state are not eligible for any exclusion in
Mississippi. All individuals applying for certification under this chapter from federal jurisdictions must have completed a law enforcement training program as defined in Chapter-08, Section-101, Subsection-101.03. Transfer applicants are required to complete the refresher course and provide verification of First Aid/CPR certification to receive certification. The refresher course must be conducted at a Board accredited academy within one year for full-time status and two years for part-time status of their date of hire.

101.03 Officers must have successfully completed an acceptable basic law enforcement training course to be eligible for certification based on equivalency of training. Officers who have not met this requirement must complete the basic course to obtain certification.

1. An acceptable basic law enforcement training course shall be defined as:

a. one that meets an approved state standard for mandated training which leads to certification as a law enforcement officer. In addition to having completed a state approved basic course, officers whose total basic course hours are below the hours of the Mississippi curriculum, must also have completed on the job training consisting of at least six months of full-time law enforcement experience in the same jurisdiction wherein the training was completed, or

b. a basic course, equivalent to the Mississippi curriculum, sponsored by a federal agency for its law enforcement officer.

2. In situations where the course predated state statutory requirements for law enforcement training or the course was administered by a federal jurisdiction, the course curriculum will be compared to the Mississippi curriculum. Basic law enforcement training courses which were conducted by the former Mississippi Game and Fish Commission or the Mississippi Bureau of Narcotics prior to the enactment of the Law Enforcement Officer Training Program shall be acceptable for purposes of granting equivalency.

3. The Board staff will review the actual basic course completed. Courses will be compared to the curriculum offered during the same period in this state. In addition to the courses listed, the staff will review the standards for successful graduation, the duration of the course and the training delivery method. The course must equal or exceed our existing standards to be considered an acceptable course.

4. Acceptable courses include written and hands-on examinations. Candidates must have passed all course requirements or achieved a minimum score of seventy percent (70%), whichever is higher.

101.04 Any officer, certified in this state, whose break in service was due to service in a closely related criminal justice position may restore their certification by completing the hands-on skill tests and law courses of the refresher course.

1. Applicants must have: completed the basic course as in Chapter-08, Section-101, Subsection-101.03, met the current employment guidelines and
completed each of the hands-on skill tests and law courses and provide verification of First Aid/CPR certification within one year for full-time status and two years for part-time status of their date of hire. The skill tests must be conducted by a certified instructor or at a Board accredited academy. The law courses must be conducted at a Board accredited academy.

a. Firearms,

b. Defensive Driving and

c. Mechanics of Arrest

2. Applicants must have served in a full-time capacity in one of the following positions (or other position as approved by the Board):

a. as an instructor in a Board-approved academy, instructor or student in criminal justice (or related subject area) at an institution of higher learning,

b. or as an investigator for a district attorney, or investigator for a state level agency responsible for enforcing criminal statutes,

c. or in a part-time law enforcement status in this state.

101.05 Any officer, certified in this state, whose break in service was due to serving as a law enforcement officer in another state or federal jurisdiction may restore their certification. Eligible officers need to complete the hands-on skill tests and law courses of the refresher course, and provide verification of First Aid/CPR certification within one year for full-time status and two years for part-time status of their date of hire, provided that the break in service is not more than five (5) years. The skill tests must be conducted by a certified instructor or at a Board accredited academy. The law courses must be conducted at a Board accredited academy.

1. Applicants must have completed the basic course as in Chapter-08, Section-101, Subsection-101.03 above and met the current employment guidelines.

2. Applicants must have not had a break in service of more than five (5) years.

3. Applicants must have served in a full-time capacity as a law enforcement officer in one of the following positions (or other position as approved by the Board):

a. A municipal police officer, county deputy sheriff or other law enforcement officer appointed or employed full-time in a recognized political subdivision of any state, province or territory of the United States of America who is vested with the authority to bear arms, make arrests and has as their primary duty the prevention and detection of crime, the apprehension of criminals and the enforcement of criminal and traffic laws of the political subdivision.

b. An agent, police officer or other law enforcement officer appointed or
employed full-time by; the United States Department of Justice or its law enforcement subdivisions, the Department of Defense or its recognized military service branches, the Department of the Interior, the Department of the Treasury or its law enforcement subdivisions or the District of Columbia who is vested with the authority to bear arms, make arrests and has as their primary duty the prevention and detection of crime, the apprehension of criminals and the enforcement of criminal and traffic laws of the United States of America.

101.06 The Board shall establish the acceptable curriculum and training delivery methods for the refresher course.

1. Any Board accredited training academy may present the refresher course curriculum. With prior Board approval, academies may tailor the curriculum delivery to that method best suited for their service area. Training standards shall also include certified instructors, record keeping and testing.

2. Should agencies decide to integrate refresher course students into existing basic course classes, the refresher student shall be expected to complete the entire module to obtain credit for the refresher curriculum.

101.07 Standards for successful completion of the Refresher Course are:

1. an average academic score of 70%
2. a firearms qualifying score of 75%
3. a defensive driving score of 80%
4. a mechanics of arrest score of 80%
5. a physical fitness entrance score of 50%
6. provide verification of First Aid/CPR certification
7. financial obligations paid in full by self-sponsored cadets

101.08 The Refresher Course is administered as a whole unit of training. The entire course must be completed satisfactorily to obtain certification. No credit will be given for partially completed training. In addition to the course standards, all students must adhere to all academy rules and regulations.

101.09 It is incumbent upon the law enforcement agency to ensure that all officers obtain certification. Employers should ensure that all applications for certification are submitted on a timely basis. Once the staff has provided instructions for the certification of a particular officer, employers should encourage their personnel to attempt testing/enrolling in training programs so that each officer will be assured of completing any and all requirements within the time period.
Procedure

102 All procedures applicable to certification for newly employed officers must be followed in seeking certification based on equivalency and refresher course training. In addition to the forms required for the certification process, the employer shall provide documentation of law enforcement training (copies of certificates, etc.). The board staff will authenticate all documents submitted to the board from other jurisdictions. The employer shall be prepared to submit the curriculum for training completed in another jurisdiction. The staff will request curriculums as needed for the Board files. Once an officer has been deemed eligible to attend the refresher course, the department head will be notified by the Board. The training packet must then be completed and submitted to the assigned academy.

102.01 The students will be evaluated by the administration of written examinations. Any student who fails to achieve a final academic average of at least seventy percent (70%) will not graduate. Any student who becomes mathematically eliminated during training will be academically dismissed. Any student who fails will be eligible for re-admittance only to the academy where training was given.

102.02 Any student who does not achieve a score of at least seventy-five percent (75%) on the firearms portion of training will not graduate from the course. The skill areas of defensive driving, and mechanics of arrest require scores of eighty percent (80%) to graduate. An entry physical fitness test will be administered upon reporting for training and will determine whether a student can remain in the program. This test is an eligibility requirement. A passing score of fifty (50%) must be achieved. Those students who fail the examination must leave the academy. They may, however, resubmit their application to attend a future training class. The test is comprised of three components: agility run, push-ups, and a 1½ mile run.

102.03 Students shall be afforded excused absences for not more than five percent (5%) of the scheduled training. Students enrolled as a refresher student in a basic course may be given not more than two scheduled opportunities to complete a required class. Students who miss more than the five percent (5%) or fail to attend a scheduled class two times, shall be dismissed.

102.04 Every training academy shall promulgate a set of written rules and regulations governing the conduct of students who are at the academy for refresher training. A copy of the approved rules shall be made available to the student at the beginning of training. Student misconduct may result in a dismissal. Prior to dismissal for disciplinary reasons, students will be afforded the opportunity to have a hearing before an impartial review board. The review board will make a recommendation to the academy director whose decision is then final. Students may be re-admitted only to the same academy. The academy director will weigh the circumstances and decide whether to re-admit the student. The director’s decision may be appealed to the Board by the student’s agency head.

Chapter 9: Continuing Education and Course Certification

Purpose

This chapter defines advanced training for purposes of administration of the law enforcement officer training program and provides instructions for completion and submission of related documents.

Policy

The enabling legislation provides that the activities of law enforcement officers are of such nature as to require selection, education and training of a professional nature upon entrance and during the careers of such officers. Beginning in 2004, the Legislature enacted specific requirements for certain law enforcement officers to complete continuing education. This chapter shall focus on the continuing education and training during the careers of law enforcement officers.

101.01 Continuing education requirements for municipal police chiefs and municipal officers

1. The chief of police of any municipality in the State of Mississippi is required to annually complete twenty (20) hours of executive level continuing education courses and any new chief of police having never previously served in that capacity, is required to complete forty (40) hours of executive level continuing education courses for his first year of service which are approved by and reported to the Mississippi Board on Law Enforcement Officers Standards and Training. Elected chiefs, although exempt from certification requirements, are not exempt from continuing education requirements.

2. Any police officer of any municipality in the State of Mississippi is required to annually complete a specified number of hours of continuing education courses which are approved by and reported to the Mississippi Board on Law Enforcement Officers Standards and Training. The following number of hours of continuing education courses is required for municipal police officers based upon the number of years following July 1, 2004:

   a. 0-2 years after July 1, 2004 ........8 hours of annual training
   b. 3-4 years after July 1, 2004 ........16 hours of annual training
   c. 5 or more years after July 1, 2004..24 hours of annual training

101.02 Any chief of police or municipal police officer who fails to comply with the provisions of this section shall be subject to having his/her certification as a chief of police or municipal police officer revoked by the Mississippi Board on Law Enforcement Officers Standards and Training, in accordance with Section 45-6-11. Failure to complete and/or report the training will place the agency on administrative hold. The Board shall notify the State Auditor’s Office and the appropriate District Attorney or County Attorney of all noncompliance.
101.03 The Mississippi Board on Law Enforcement Officers Standards and Training is authorized to institute and promulgate all rules necessary for considering the revocation of any municipal chief of police or municipal police officer who does not comply with the provisions of this section, and may grant, for sufficient cause shown, an extension of time in which compliance with the provisions of this section may be made.

101.04 Any chief of police or municipal police officer who is aggrieved by any order or ruling made under the provisions of this section has the same rights and procedure of appeal as from any other order or ruling of the Mississippi Board on Law Enforcement Officers Standards and Training.

101.05 Beginning in July, 2014, all sheriffs are required to annually complete twenty (20) hours of continuing education courses in law enforcement. Such courses shall be approved by the Mississippi Board on Law Enforcement Officer Standards and Training.

101.06 **Continuing Education shall be defined as:** instruction that enhances or develops law enforcement Knowledge, Skills or Abilities (KSA’s) for either generalized or specialized law enforcement essential functions as determined by the Board. The Board shall conduct ongoing assessments of KSA’s to determine the critical needs wherein agencies and individual officers would most benefit from programs.

101.07 **Continuing Education Planning and Budgeting** - The Board shall develop and implement a process each fiscal year to approve advanced training for law enforcement professional associations.

Law enforcement professional associations approved for advanced training by the Board include the Mississippi Constable’s Association, Mississippi Association of Chiefs of Police, and the Mississippi Sheriff’s Association. These associations may provide critical needs continuing education, executive and leadership advanced training. Any reimbursement of training expenses will be authorized only for those agencies and subdivisions of the state who are in compliance with all provisions of the Law Enforcement Officers Training Program (LEOTP) to include those policies and procedures established by the Board on Law Enforcement Officer Standards and Training pursuant to the LEOTP.

**Procedures**

102 All participating agencies included under the LEOTP as described in this manual shall follow these steps in submitting required forms:

102.01 **Law Enforcement Course Certification Request** - This form is used to request approval from BLEOST to conduct advanced training courses. The **Course Certification Request** form is to be completed and submitted by the course coordinator to BLEOST.
Continuing Education and Course Certification

1. Training providers may submit the Course Certification Request to obtain recognition of training, credit for elective training toward a legislative mandate, or to meet one or more requirements of the annual continuing education plan. Providers must agree to maintain required documentation in a digital format approved by the Board including the student record, class record and training records.

2. Course Certification Request forms shall include all requested information including course learning objectives that are linked to the essential functions established by the board. Teaching methodologies must include interactive learning activities such as scenario training. All approved training must have an assessment component which must include written or hands on demonstration of meeting the learning objectives for every participant.

102.02 Law Enforcement Course Evaluation Instrument - This form must be completed by all course attendees and returned to BLEOST. This questionnaire is a primary means used by BLEOST to gather information to assist in maintaining high quality courses.

102.03 Law Enforcement Course Roster - The Course Roster form is to be completed and submitted by the course coordinator to BLEOST within ten working days following completion of the course. In addition to the printed roster, the Board may require submission of electronic data base information. The roster shall also include appropriate reimbursement worksheets to facilitate payment.

103 Law Enforcement Officer Firearms Standard for Active Duty and Off-Duty/Back-Up Handgun - The State standard for law enforcement officer annual firearm training for all active duty and off-duty/back-up handguns is as follows:

103.01 Active Duty Board Approved Firearms Qualification Course

1. The weapon is a duty revolver or semi-automatic pistol. See Section 103.3 of Chapter 9 for the approved target list and scoring procedure. This is a 50 round course using duty ammunition or equivalent. The start position is loaded handgun in secured holster. All firing is two-handed standing unless noted otherwise. The initial loading procedure for semi-automatic handguns is to load with full magazine, magazine number two loaded with 5 rounds and all other magazines loaded to capacity. The initial loading procedure for revolvers is to load with 6 rounds. All speedloaders, speed strips, ammunition pouches, or loops loaded to capacity. All reloading must be from secured ammunition pouch. No reloading commands will be given. Ammunition management is the responsibility of the shooter after Stage II. Shooter is responsible for speed reloading or tactical reloading in order to maintain a loaded handgun. Running out of ammunition during a stage is not a valid excuse. Rounds not fired are scored as misses.

a. STAGE 1 3 Yard Line, on command, draw and fire 2 rounds weapon hand only in 3 seconds. On completion of time, scan and holster. Repeat two additional times. Total of 6 rounds.
Note: After Stage 1, weapon will be loaded with 6 rounds only. Semi-autos will be loaded with the 5 round magazine.

b. **STAGE 2** 5 Yard Line, on command, draw and fire 6 rounds weapon hand only and reload in 14 seconds. (Mandatory speed reload). On completion of time, scan and holster. Total of 6 rounds.

c. **STAGE 3** 5 Yard Line, on command, shooter will draw and transfer handgun to support hand and remain at the ready position for the next string. On command, fire 6 rounds support hand only in 6 seconds. On completion of time, scan and holster. Total of 6 rounds.

d. **STAGE 4** 5 Yard Line, on command, draw and fire 2 rounds center mass and 1 round within the head in 4 seconds. On completion of time, scan and holster. Repeat one additional time. Total of 6 rounds.

103.02 **Off Duty/Backup Board Approved Firearms Qualifications Course**

1. The weapon is a handgun used for off-duty/backup (ONLY). See the approved target list and scoring procedure in Section 103.3 of Chapter 9. This is a 25 round course using approved ammunition. Continuing Education and Course Certification
draw, transfer handgun to support hand and remain at the ready position for
the next string. (To simulate that weapon hand is disabled). On command,
fire 5 rounds support hand ONLY. Time limit is 5 seconds. Total of 5
rounds.

c. **STAGE 3** 5 Yard Line, draw and fire 5 rounds standing. Time limit is 6
seconds. Total of 5 rounds.

5 rounds.

e. **STAGE 5** 10 Yard Line, draw and fire 2 rounds standing. Time limit is 5
seconds. Draw and fire 3 rounds standing. Time limit is 6 seconds. Total of
5 rounds.

103.03 Approved Target List and Scoring Procedures

1. Values on all targets: Regardless of target type, rounds breaking a scoring line
count the lesser value. Rounds breaking the edge of the silhouette are scored
as a miss. For the Off-Duty/Backup Qualification course point values will be
double of those listed for a 50 round course.

   a. Target B-27 (All Versions). Hits inside 8 ring counts 5 points, hits inside 7
      ring counts 4 points, and hits outside 7 ring and in black count 3 points.

Chapter 10: Constable Training Requirements

Purpose

100 This section establishes policy and procedures governing the training requirements for constables.

Policy

101 The Board on Law Enforcement Officer Standards and Training is responsible for the establishment of an appropriate training program for constables. According to the statute, constables have the same duties and responsibilities enumerated in the definition of a law enforcement officer as found in § 45-6-3 (c) of the Mississippi Code as annotated. Since constables have essentially the same duties as “law enforcement officers”, it follows that constables would have the same training needs. The Board-approved training standards for certification as a law enforcement officer and the policies governing the selection of the appropriate training program (e.g., basic or refresher) shall apply to constables.

Note: § 45-6-3 excludes elected officials from the definition of the term "law enforcement officer" thereby ensuring such officials would not be required to meet the provisions of the Law Enforcement Officers Training Program (LEOTP). Although constables shall be treated as law enforcement officers for the purposes of accomplishing the mandated training requirement of the Constable Training and Identification Act of 1986, constables are excluded from all other requirements of the LEOTP.

101.01 The Board shall examine each constable’s documented record of experience, training and education on a case by case basis.

101.02 Constables shall be required to successfully complete assigned training within one year from their taking the oath of office. Constables shall meet the same performance standards established for successful completion of the assigned training program. Constables must meet the admission requirements (medical evaluation) and also adhere to the rules and regulations established at the Board-approved academy.

Procedure

102 The Board of Supervisors shall submit a completed “Law Enforcement Application for Certification and Background Investigation Review” form Parts I, II and III for each constable within their jurisdiction. This form is to be submitted to the BLOST staff no later than thirty days after the constables have taken their oath of office. The form shall accurately reflect the constable’s law enforcement experience, training and education, and shall attest to the satisfaction of the employment guidelines for a law enforcement officer. The “Law Enforcement Application for
 Certification and Background Investigation Review” form Part II shall be completed, signed and dated by the applicant constable. A written explanation for any questions answered “yes” must accompany the form. The “Law Enforcement Application for Certification and Background Investigation Review” form Part III shall be signed and dated by the President of the Board of Supervisors and accompanied by photocopies of any training certificates referenced in the law enforcement training section of the form. Both Parts II and III must be signed in the presence of a notary public. The Board staff shall review each applicant in accordance with the following:

102.01 All re-elected incumbent constables who have successfully met the requirements of the Constable Training and Identification Act of 1986 or the 1989 revision of the Act shall be excluded from the requirement to successfully complete a training program. All other elected constables shall be required to successfully complete a training program selected by the Board.

102.02 Constables must successfully complete the basic course to satisfy the mandated training requirement. Constables who have successfully completed an acceptable basic law enforcement training course prior to their election would meet the mandated requirements based on equivalency of training.

1. An acceptable basic law enforcement training course shall be defined as one that meets an approved state standard for mandated training and professional certification as a full-time law enforcement officer. In situations where the course predated state statutory requirements for law enforcement training or the course was administered by a federal law enforcement agency, the course curriculum will be compared to the Mississippi curriculum.

2. The Board staff will review the actual basic course completed. Non-standard courses or federal courses will be compared to the curriculum offered during the same period in this state. In addition to the courses listed, the staff will review the standards for successful graduation, the duration of the course and the training delivery method. The course must equal or exceed our existing standards to be considered an acceptable course.

3. Part-time training courses presented on weekend or night sessions are considered to be reserve training. They are not acceptable replacements in lieu of full-time law enforcement training.

4. Acceptable non-standard courses include written and hands-on examinations. Candidates must have passed all course requirements or achieved a minimum score of seventy percent (70%), whichever is higher.

102.03 All constables having experience/training from another state or federal jurisdiction must have met the requirements for a basic course as defined in paragraph 33.2. Constables who meet this training requirement and break in service limits, shall be eligible to attend the refresher course. Applicants who were excluded or “grandfathered” under the provisions of another state are not eligible for any exclusion in Mississippi.
Constable Training Requirements

102.04 Constables who have had basic as in 33.2 above and are elected/sworn to their office within two years after leaving a law enforcement position (break in service less than two years) will be granted equivalency status. Constables who have had basic as in 33.2 above and their break in service is more than two years will be eligible to attend the refresher course provided they are elected/sworn to their office within ten years of their last employment as a law enforcement officer.

102.05 Any in-state applicant whose break in service as a full-time law enforcement officer was due to service in a closely related criminal justice position may meet the requirement by completing the hands on portions of the refresher course.

1. Applicants must have: completed the basic course as in 33.2 above and completed each of the hands on skill tests to the satisfaction of a Board certified instructor within one year of taking the oath of office.

2. Applicants must have served in a full-time capacity in one of the following positions (or in a position approved by the Board): Sheriff or elected chief of police, instructor in a Board-approved academy, instructor or student in criminal justice at an institution of higher learning, investigator for a district attorney, and investigator for a state level agency responsible for enforcing criminal statutes.

102.06 Once the Board staff has determined whether the applicant has met the equivalency of training, the Board of Supervisors will be notified of the training requirements (a copy will be sent to the constable). The county must contact the appropriate academy to enroll their constables.

Chapter 15: Official BLEOST Forms

Purpose

100 This chapter provides examples of forms and instructions for completion and submission of forms.

Policy

101 The agency head is responsible for insuring timely compliance with the Board on Law Enforcement Officer Standards and Training requests for information. Incomplete or illegible forms will be returned. Failure to comply will result in the agency being placed on administrative hold. The Board director relies on the information contained on Board forms as the basis for recommendations for certification and implementation of the requirements of the Law Enforcement Officers Training Program.

Warning: MCA § 97-7-10 “Fraudulent Statements and Representations” provides for severe penalties for misrepresentations or fraudulent statements made to a Board. This statute authorizes a fine of up to ten thousand dollars ($10,000.00) and a jail sentence of up to five (5) years. Further, the Law Enforcement Officers Training Program authorizes the Board in MCA § 45-6-11 (7) to cancel and recall any certificate obtained through misrepresentation or fraud.

Any of the questions, items 1 through 10, that are answered “yes” must be explained to the Board. The explanation must be typed or printed in ink, signed and dated by the applicant and include all related court documents. All crimes must be reported, to include alcohol and drug related offenses. The only exceptions to this requirement are traffic offenses, excluding alcohol and drug related offenses, where the fine is less than one hundred dollars ($100.00) and where the applicant has had fewer than four (4) traffic offenses within the preceding twenty-four (24) months. granted to such elected officials shall be granted under the same standards and conditions
as established by law enforcement officers and shall be subject to recall as in subsection (7)

board for approved law enforcement officer education and training programs in this state,
and has satisfactorily passed any and all diagnostic testing and evaluation as required by the
board to ensure competency.

Note any special conditions, equipment or materials needed by the trainee.

I, the undersigned do hereby attest that I have been fully informed on the requirements that I must meet in order to correct the skill area deficiency. I further affirm that I have prepared for this event and agree with the date, time and conditions.

Academy Director or Instructor of Record  Trainee
General Information

Scores required to successfully complete skill areas:
- physical fitness average score of seventy percent (70%),
- firearms qualifying score of seventy-five percent (75%),
- defensive driving average score of eighty percent (80%), and
- defensive tactics average score of eighty percent (80%), plus a Pass/Fail Practical Examination.

Any student who fails to achieve a passing score on the first attempt shall be given remedial training and not more than five opportunities at passing firearms. Although there are numerous opportunities to practice this critical skill at the academy during the scheduled firearms training, agencies should diagnose each candidate’s marksmanship ability prior to attendance at the basic course. Candidates who have difficulty achieving acceptable scores should seek additional practice/instruction prior to arrival in the basic course.

In the final week of training, the academy will administer the physical fitness test. The student must obtain a minimum score of 70% on each event in the test. The student will be given no more than three opportunities to pass the test during the last week of training.

Students who fail their first attempt on defensive driving shall be afforded one opportunity to retest the written portion and not more than six practice runs and three tested runs for score. Students who fail defensive tactics shall be given one additional attempt on the written or practical portions of the exam.

Any student who should fail firearms, defensive tactics, defensive driving, or physical fitness will be given an opportunity to complete the rest of the course. However no student shall be given credit for successful completion of the course until any and all failures have been corrected. No student, upon failure of the aforementioned areas, shall be permitted to perform any law enforcement duty in any full-time, part-time, reserve/auxiliary basis until that failure has been corrected.

The academy director shall provide reasonable opportunity to correct any deficiency however any such opportunity shall be at the director’s election as to time and place. Further, no student shall be allowed further attempts to correct a deficiency without documentation of remedial training. Such documentation shall be signed by the department head or supervisory personnel and the content shall be reviewed by the academy director for adequate scope and content of the remedial training.

The academy director shall charge a reasonable fee for each opportunity given for re-tests to recoup their administrative costs associated with the management and re-testing of applicants. No re-testing fees shall be authorized for reimbursement under the LEOTP nor shall any reimbursement be made for failed training.

Trainees upon exiting the academy shall be informed as to the requirements to qualify for re-testing. To include affirmation of re-testing date and time, confirmation of remedial training conducted outside the academy of record’s environs, and equipment needed to conduct the re-test to be supplied by the trainee or his/her employer.
Dear Law Enforcement Administrator and Examining Physician:

This training packet contains a medical evaluation, a reimbursement supplement and an application for enrollment to the academy. Please complete all forms in accordance with the instructions below. Submit the completed packet (pages 1 - 8) to the academy at least two weeks prior to attending a training course (forms that have been completed six months or more prior to training cannot be accepted). With an increased awareness of the importance of physical fitness in the law enforcement profession, as well as in the overall maintenance of quality of life, the Board on Law Enforcement Officer Standards and Training (BLEOST) has enhanced fitness standards for law enforcement candidates. Students will be participating in vigorous physical fitness training and defensive tactics, as well as stress-related training (physical and mental), in such areas as driving, firearms and officer survival. Driving and firing events incorporate seasonal inclement weather with day and night sessions to further enhance stress-related training.

This medical examination report should provide an adequate evaluation of the physical condition of a law enforcement candidate and identify potential problem areas in each candidate’s ability to successfully complete training. Agencies are urged to consider carefully any decision to enroll a student in training who has a potential problem. Students with weight problems, who have not been active in a physical fitness program or who have some medical difficulty, will have a greater probability of not completing the course. If at all possible, fitness levels should be at or above the minimum levels established in this packet prior to attending the basic course. The procedures for completing these forms are as follows:

Physical Fitness Requirements

The Board on Law Enforcement Officer Standards and Training (BLEOST), in recognizing the importance of physical fitness for academy performance and subsequent job performance, has established physical fitness training standards that must be achieved in order to successfully complete the training program. The board has established a test that effectively measures cardiovascular endurance and strength. An additional component of fitness, body weight and composition (% of body fat), has a great impact on the examinee’s ability to perform the other tests. The evaluation of the candidate’s fitness begins with a physician’s examination and a determination of the ratio of fat to lean tissue. If an individual’s weight exceeds the threshold weight, then a skinfolds caliper measurement should be taken to determine body fat percentage.

The BLEOST will require all board-approved training academies to administer an entry physical fitness test for those students reporting to the training program. The test will be given immediately upon reporting for training and will determine whether a student can remain in the program. This test is an eligibility requirement. A passing score of 50% must be achieved. Those students who fail the test must leave the academy. They may, however, resubmit their application to attend a future training class.

The test is comprised of three components: agility run, push-ups, and a 1 ½ mile run and is administered to all Full-time, Part-time, and Refresher trainees. It is the same test administered at the end of the program for Full-time and Part-time trainees (Refresher trainees are not required to take the final test) with one exception: The entry test requires 50% to pass while the final test requires 70%. This requirement does not relieve students from participating in P.T. training once they pass the entry requirement. Full time and Part-time trainees will continue to participate in scheduled P.T. training and must also pass a final P.T. test with a minimum score of 70% in order to graduate.

Physical fitness can only be achieved over time. It requires a commitment to regular exercise and good eating habits. Thus it is important to disseminate this information so that all impacted personnel can prepare ahead of time. Scores needed to enter training and to graduate are as follows:

Background Investigations

 Purpose

100 The Board on Law Enforcement Officer Standards and Training has prepared this handbook to provide a useful guide for developing a policy for use by law enforcement investigators and executives to assess the ability of an individual to perform the duties of law enforcement officer in a competent and reliable manner. This section is not intended to be a stand alone manual for the conduct of background investigations. Individual agencies must develop local policies to accomplish background investigations for their department.

 Policy

101 The law enforcement employer is responsible for insuring that officers meet the minimum standards for employment. Agencies must conduct an adequate background investigation to ensure these standards are met.

101.01 Administrators must determine the individual’s age, education, experience, physical condition, mental condition and moral character. Of these areas, the latter two are probably the most difficult to evaluate. There is no form, certificate or test that will definitively state whether an applicant’s mental condition, moral character and/or subsequent behavior will be acceptable for law enforcement employment. Factually, no one can accurately predict another’s behavior under the stressful and often life threatening conditions encountered by law enforcement officers. Yet that very behavior or response is a critical factor in successfully protecting the health, safety and welfare of the citizens and officers involved.

101.02 Although we cannot accurately predict behavior, agencies can identify those individuals who have the greatest potential for failure. Thankfully there are many tools available to the law enforcement community to aid in screening applicants in order to identify and reduce the risks of unacceptable behavior. Some of the more commonly used tools are:

1. Test instruments such as the Minnesota Multiphasic Personality Inventory (MMPI), Intelligence Quotient, Rorschach Ink Blot and Clinical Analysis Questionnaire,

2. Psychological screening by trained mental health professionals,

3. Background Investigations,

4. Polygraph testing,

5. And probationary period evaluation.
101.03 These tools have each been used by diverse law enforcement agencies with varying
degrees of success. Each technique has inherent drawbacks and disadvantages,
therefore agencies may seek to mitigate the inherent problems by combining some
or all of the tools in their applicant screening policies.

1. The critical element in using these techniques is the development and use of a
policy tailored to the unique requirements of a particular law enforcement
agency. A good policy will maximize utilization of available resources and
exploit the benefits offered through each technique selected. The Board
recommends that every agency develop and implement a screening policy that
encompasses one or more of the aforementioned techniques. A good
background policy should:

a. Increase the likelihood of uncovering job related facts that may influence the
employment decision,

b. And decrease the likelihood of using employment practices that are not job
related which could adversely affect an individual’s employment
opportunity.

2. The background investigation is one of the most useful techniques for
evaluating the qualifications of a law enforcement officer applicant. A thorough
background investigation is within the capabilities of every law enforcement
agency in the state.

101.04 This policy section does not establish standards beyond those required by the
LEOTP and BLEOST. The information in this section is in the form of guidelines and
recommendations for policy on background investigations. These guidelines should
not be confused with mandated procedures.

1. The word routine is used in a specific way in this manual. The recommended
practices and procedures in this section are descriptive of those actions that
would be included or excluded in a typical policy for a routine background
investigation. Due to the great diversity of law enforcement agencies and
among officer applicants, there will probably be justifiable and job-related
reasons for going beyond the “routine” investigation.

2. Nothing in this manual should be interpreted as preventing the employer from
delving into any background area which the employer believes can be justified
as being job-related.

101.05 The evaluation of background information as it relates to a law enforcement officer
candidate is difficult and must be done on an individual basis. No one can predict
what facts and circumstances constitute an individual’s background; therefore a
specific background investigation model would not be feasible. Nevertheless, steps
can be taken to improve the efficiency and effectiveness of the background
investigation and to reduce the potential for using the information in an
inappropriate manner:
1. **What kind of person do I want in my organization?** Establish job dimensions and desired personal characteristics which can be used as a benchmark in evaluating applicants.

2. **What kind of person do I not want to represent me and my department?** Establish written guidelines for the kind of past behavior which is rationally incompatible with acceptable law enforcement officer performance.

3. **How can I best determine whether an applicant can meet my standards?** Establish procedure to *gather data, evaluate data, develop information* relevant to the job dimensions/personal characteristics and *make use of the information* in the decision making process.

4. **Why do I need job dimensions/personal characteristics? Can’t I just do the background investigation and employ the officer if I like what I see?** It is very important from a legal point of view that you establish some guidelines for your law enforcement positions. Each of your requirements must be a “bona fide occupational qualification”. Any decision not to employ an individual based on information developed in the background investigation should be directly related to a bona fide occupational qualification.

5. **What can I do to reduce problems that may occur from not hiring an applicant?** Establish procedure to provide an appeal process to handle complaints resulting from adverse employment decisions.

101.06 There are several legal considerations in the conduct of background investigations.

1. In the enactment of the Law Enforcement Officers Training Program Act, the legislature stated that law enforcement activities required selection, education and training of a professional nature upon the entrance and during the career of law enforcement officers. The legislation also required the Board to establish qualifications for the employment of law enforcement officers to include minimum age, education, physical and mental standards, citizenship, good moral character, experience and other matters as relate to the competence and reliability of persons to assume and discharge the responsibilities of law enforcement officers.

2. The Board on Law Enforcement Officer Standards and Training established minimum employment standards requiring officers to:

   a. Be at least twenty-one (21) years of age,

   b. Be a high school graduate or obtain a General Educational Development (GED) Diploma,

   c. Be a United States citizen,
d. Be of good physical and mental condition, capable of performing the duties under conditions inherent to the profession as verified by a licensed physician,

e. And be of good moral character as evidenced among other things by having neither a conviction, a plea of guilty, a plea of nolo contendere, probation, pre-trial diversion or the payment of any fine for a felony or a misdemeanor involving moral turpitude. Individuals discharged from the Armed Forces must have served under honorable conditions and not been removed from the service under a dishonorable or bad conduct discharge. Fitness for service as it relates to moral character must be verified by an appropriate background investigation.

3. In general, any act or conduct may be explored which is related to an applicant’s fitness for the job and/or qualifications mandated by the Board under state law. There are certain areas of investigation prohibited by various state and federal laws, rules and regulations. The judicial branch has been active in establishing case law in this arena.

a. The primary engine driving this activity has been Title VII of the Civil Rights Act of 1964 which prohibits employment discrimination on the grounds of race, color, religion, sex or national origin and the Age Discrimination in Employment Act of 1967.

b. A full discourse on all the law and rule of employment practices is beyond the scope of this manual. The recommendations of this manual reflect a consideration of applicable laws. Any agency should seek the advice of counsel before enacting policy on employment practices.

Procedure

102 The intent of this section is to aid policy makers in developing policy to provide a structured procedure for the systematic acquisition, organization and reporting of information from the background investigation ("BI").

102.01 Considerations - The “BI” should be an objective process which entails descriptive rather than evaluative reporting. The role of the background investigator is different from that of a criminal investigator in that the criminal investigation is usually oriented on development of information to obtain a conviction. The criminal investigator usually ignores evidence of extenuating or mitigating circumstances. The opposite is true of the background investigator’s mission. The mere fact of a negative item discovered as a part of the “BI” is rarely indicative of the individual’s qualifications for the job. The facts, extenuating/mitigating circumstances and past behavior are important pieces of the total picture. As a result, the “BI” report should provide sufficient information about the applicant to enable the employer to judge the significance of past behavior and the possible outcomes of a decision to hire the applicant.
Background Investigations

1. Each agency should develop a list of desired personal characteristics. The list should be provided to every contact made during an investigation. With the list, the investigator will be able to assist the contacts in providing relevant information about the applicant’s ability to be a law enforcement officer. Rarely will a contact have information about each and every characteristic and most do not have the qualifications to evaluate a candidate in every listed area. The investigator must weigh the knowledge and qualifications of every contact to determine which areas the contact is most likely to have relevant and accurate information.

2. Confidentiality of information developed pursuant to a background investigation should be safeguarded. It is the investigator’s responsibility to avoid any unwarranted invasion of the applicant’s privacy while ensuring a fair and thorough “BI” is conducted. All information given by the applicant and obtained by the investigator is private and confidential. Only authorized persons designated in unit policy should be given access to the information. As a general rule, information should not be revealed to the applicant.

3. No attempt has been made to address specific disqualifying characteristics, such as, undesirable behavior or unlawful activity. Practically speaking, there is a wide range of possible examples of aberrant/deviant behavior that may be indicative of a mental disorder or behavior that may violate the public sense of propriety. Decisions concerning whether an applicant fulfills the requirements of the LEOTP and the agency can best be made after consideration of the relevant facts. Indications of illegal, aberrant, deviant or outrageous behavior should be fully investigated and evaluated to determine if the applicant is of good mental condition and moral character.

4. In the course of conducting the background investigation, investigators may discover that the applicant has committed a crime for which no arrest has been made. Appropriate action should be taken in accordance with agency policy. Additionally, investigators may discover that the applicant has made fraudulent statements on submitted documents. Such activity is a felony under Mississippi Code as Annotated § 97-7-10 “Fraudulent Statements and Representations” (1972). Generally, this statute provides that any person who, with intent to defraud the government, knowingly makes false statements shall be punished by a fine of not more than ten thousand dollars ($10,000.00) and/or imprisonment of not more than five years.

5. A fair selection system should include a mechanism for appealing the employment decision. Each department should develop policy to outline the steps an applicant may take to appeal a disqualification based upon the “BI”. In handling appeals, the department should consider two main aspects of the “BI” decision:

   a. The information upon which the disqualification is based should be verified
and determined to be accurate,

b. And a rational connection between the disqualification and the job requirements should be established (bona fide occupational qualification, BFOQ).

102.02 Beginning the Investigation - The applicant is the primary source of information in a “BI”. One of the basic essentials to the investigation effort is the personal history statement.

1. The personal history statement provides the basis of information the investigator will use to plan and conduct interviews, research records and conduct mail surveys.

   a. Personal history forms are essentially similar to employee application forms with the exception that the personal history form usually contains more detail than an application. The subsection contains a typical personal history statement form for agencies to use in developing forms useful for their department.

   **TIP: The personal history statement could be useful in completing forms required by the Board.**

   b. Applicants should be given a personal history form along with a list of necessary documents. Ample time should be given the applicant to complete the form and obtain the documents.

   c. Some of the paperwork the candidate should be required to provide are those items that verify the department’s standards such as:

      i. Birth Certificate,

      ii. High School Diploma (or GED),

      iii. Driver’s License,

      iv. Military Discharge Form (DD Form 214),

      v. And transcripts, Diplomas and Certificates for any other education or training.

2. The investigator should arrange a preliminary interview. This phase is critical to the investigator because it will lay the foundation for the rest of the “BI”. The investigator should prepare for the interview by preparing a folder and a checklist of required documents, release forms and probable contacts. At the meeting:

   a. The investigator should scrutinize all submitted materials to ensure all
Background Investigations

needed documents are present and valid. Official documents such as birth certificates and transcripts should be logged on the checklist, photocopied and returned to the applicant for safekeeping,

b. Prepare and submit fingerprint cards,

c. Ensure the personal history statement is complete and that all omissions, inconsistencies and conflicting statements are resolved. If any unusually favorable or unfavorable information is discovered in the materials submitted by the applicant, the investigator should obtain full details of each incident or event. Special care should be taken to ensure names, addresses and telephone numbers for possible contacts are included in the personal history statement,

d. And obtain signatures on a sufficient number and type of release of information forms. The investigator should have a good estimate of the number and type of releases needed following the review of the personal history statement. Many organizations and institutions must have a signed release of information form before they will provide any assistance to a background investigator. See the subsection for examples of the various types of release forms.

102.03 Information Gathering - Immediately following the interview, the investigator should evaluate the materials gathered thus far and begin planning the information gathering phase. This phase will be the most time consuming portion of the “BI”. Planning and organization are critical to insuring that resources are used wisely and efficiently during this phase.

1. The personal interview is the preferred method of contacting an information source. However, such interviews are often impractical and alternative methods must be adopted. The investigator should determine which sources should be interviewed in person, via the telephone, and which should be contacted in writing.

2. Any written inquiries or requests for information should be prepared and mailed prior to initiating other activities due to the inherent delays in the postal system.

a. The letter should address specific questions relating to the job dimensions and personal characteristics of a law enforcement officer. Suggested questionnaires for the various contacts are included in the subsection.

b. Investigators should be sure to enclose a signed release form and a list of the desired personal characteristics. The inclusion of a stamped and self-addressed envelope will aid immensely in obtaining responses.

b. Replies should be reviewed as they are received. Questionable areas to be pursued should be incorporated with the remaining information gathering
3. The remaining contacts should be arranged in a logical sequence to map the personal interviews. Such organization should serve to improve the efficiency and timeliness of the investigation.

   a. The investigator should make appointments with each personal contact in advance and build in flexibility in the daily schedule.

   b. The investigator should review the department’s interview procedure, evaluate data gathered to date and develop a question list prior to each interview. Possible interview questions are discussed in the subsection entitled Areas of Inquiry.

   c. During the interview the investigator should:

      i. Obtain specific facts to support any general statements given by a contact.

      ii. Quote or paraphrase remarks rather than make subjective conclusions.

      iii. Record name, address, telephone, date, time, location and relationship of the contact for each interview conducted.

102.04 Evaluating the Data - Once all possible sources of information have been contacted or checked, the investigator must then complete the process of sorting the data gathered to develop a useful report.

1. At this point, the investigator should attempt to resolve any discrepancies, inconsistencies or contradictions developed during the “BI”. A discrepancy interview may be scheduled with the applicant to attempt to resolve the problems. During this interview, the investigator should not reveal the source of any information obtained during the “BI”.

2. The final step in the process is reporting to the chief/sheriff or other officer designated to make the hire/no hire decision. This report should be a concise narrative evaluation of the applicant’s qualifications with regard to bona fide occupational qualifications. Every effort should be taken to ensure the report is factual and free of bias or opinion.

3. The investigator should include the following items with the report:

   a. Copies of all official documents.

   b. Any verifying documents collected.

   c. Any unused signed authorizations.
d. Returned questionnaires and letters.

e. The investigator's notes.

f. Other pertinent material.
Appendixes E
Areas of Inquiry
Areas of Inquiry

Purpose

100 This subsection to the background investigation (“BI”) manual lists typical areas of inquiry and provides rationale for and against asking specific questions.

Policy

101 Nothing in this “BI” manual should be construed as establishing a standard for the conduct of investigations. The manual was constructed to serve as a guideline in the development of local investigation procedure. Although the Board has attempted to provide sufficient instruction in this area, the areas of inquiry listed herein are not inclusive or exclusive. Further, where specific examples are cited, there is always an exception wherein the employer believes there is a bona fide occupational qualification.

Procedure

102 Each of the areas of inquiry are listed along with comments.

102.01 Applicant Identification - The personal information requested on the personal history form is sought primarily for the purpose of verifying the identity of the applicant and to provide a means of contacting the applicant during the selection process.

1. All names used by the candidate should be noted. If the investigator finds that the applicant has used other names for fraudulent purposes, this could reflect unfavorably on the applicant’s integrity or credibility as a witness.

2. The use of religious or ancestral names, the use of two last names with a hyphen, the use of a single name without a first or last designation or the decision of a woman not to use her husband’s name should not be considered improper action by the candidate. The law permits individuals to use any name as long as the change of name is not for fraudulent purposes.

102.02 Citizenship - An applicant must be a citizen of the United States of America.

1. U.S. citizenship can be verified by review of common documents.

   a. Citizens of this country by birth may be verified by a copy of birth certificate, copy of court documentation attesting to citizenship in the absence of a record or a current valid passport.

   b. A child born of American parents on foreign soil has the option of being a citizen of that country or the United States. Neither is legally recognized until declared by the individual. To be recognized as a U.S. citizen, the
individual must have one of the following documents:

i. A Certificate of Naturalization from the Department of Immigration and Naturalization Service (INS) (form N-550),

ii. Report of Birth Abroad of a Citizen of the United States issued by a consular officer,

iii. Current valid U. S. passport,

iv. Or department of Immigration and Naturalization Form G-641 (Application for Verification of Information from Immigration and Naturalization Service Records.)

c. Immigrants to this country who obtain U. S. citizenship are known as naturalized citizens. Documentation of citizenship status would include:

i. A Certificate of Citizenship from the Department of Immigration and Naturalization Service (INS),

ii. A Birth Card wallet identification issued by INS,

iii. Or a current and valid U. S. passport.

d. Documentation of citizenship status should be verified by independent sources. The U. S. District Court keeps a record of citizenship records. The New Orleans, Louisiana office of the INS (504-589-6527) serves this area. The INS is able to verify documents offered up by candidates as proof of citizenship upon receipt of a written request accompanied by a signed waiver/release of information.

e. The INS publishes a pamphlet entitled “Handbook for Employers” (M274) that offers additional information on this subject. Please write the INS at:

U. S. Immigration and Naturalization Service  
Attn.: Employment Sanctions Unit  
701 Loyola Avenue, Room T-8011  
New Orleans, Louisiana 70113

2. The Board recommends that inquiries not be made into the applicant’s lineage, ancestry, national origin, descent, parentage, or mother tongue. In addition to these areas, inquiries are not recommended into the nationality of the applicant’s parents or spouse or how the candidate acquired the ability to read, write or speak a foreign language. [Prohibited by Title VII of the Civil Rights Act of 1974, 42 U. S. C. 2000 (e)]

102.03 **Photograph** - A photograph may be solicited from the candidate to help identify the candidate when references are contacted. Investigators should carefully document
Areas of Inquiry

the specific request or necessity for applicant photographs. To ensure that a photograph is not improperly used, certain cautionary steps should be taken. Foremost, the photograph should only be used for identification purposes. Where possible, the photograph should be removed from the file prior to forwarding the background investigation material to the decision maker authorized to make the employment decision. Remember, there are many laws and relevant court decisions at both the state and local level which prohibit non-job related inquiries which express, directly or indirectly, any limitation, specification or discrimination as to age, race, religion, color, national origin, ancestry, physical or mental handicap, or sex. [Prohibited by Title VII of the Civil Rights Act of 1974, 42 U. S. C. 2000 (e)]

Note: The Board on Law Enforcement Officer Standards and Training requires a photograph to be submitted along with the training packet. This photograph is used by the training academies and the Board staff for identification purposes only.

102.04 Residences - The reason for requesting an applicant to list current and previous residences is to contact neighbors, landlords, apartment managers, anyone acquainted with the candidate by reason of residence, in order to gather information about the applicant’s qualifications. The residence list, coupled with the work history, also provides the investigator a list of all relevant law enforcement agencies which should be checked.

Note: The courts have upheld residency requirements by governmental employers.

1. Current and previous neighbors and landlords who are familiar with the applicant may be able to provide information on any of the desired personal characteristics. The key to appropriateness of contacting these people is the degree and recency of their interaction with the applicant. A contact with whom the candidate has had only a casual intermittent relationship would not be a good choice as a source of information. The investigator must determine the extent of the contact with the applicant. Information developed from these sources must be carefully evaluated before making any conclusions about the applicant’s qualifications.

a. When interviewing neighbors and landlords, the investigator might ask such questions as:

i. How long have you known the applicant?

ii. How well do you know the applicant?

iii. Do you know how well the applicant gets along with neighbors?

iv. Can you think of any reason why the applicant might not be qualified to become a law enforcement officer?

v. Can you recall anything about the applicant that would question their
reputation for truthfulness and respect for the law?

vi. Can you suggest any other persons who might have information about the applicant?

vii. Does the applicant make rent (mortgage) payments promptly?

b. It is acceptable to inquire into the reasons for changes in the applicant’s residence. Inquiries may reveal something about the applicant’s interpersonal sensitivity, dependability or integrity. If there appears to be a pattern of frequent moves, further investigation may be indicated.

2. Asking neighbors and landlords about an applicant’s style of living as it relates to such matters as the number of persons living in the residence, housekeeping habits, condition of home, yard, or vehicle should generally be avoided because of the subjectivity involved. However, where condition of the home borders on health violations or indicates other illegality, the situation warrants further investigation. No conclusions should be drawn from the mere fact of the applicant either owning, renting or living with relatives or friends.

102.05 Experience and Employment - An investigation into the applicant’s experience and employment history is one of the most important areas in the background investigation. The employment setting may have given the applicant the opportunity to learn and demonstrate behaviors relating to several job dimensions. Self control, dependability, truthfulness and respect for law are personal characteristics to look for in such an investigation. The applicant should provide a complete listing of all employments, summer jobs or volunteer work and indicate whether contact with the current employer would jeopardize continued employment. The investigator should contact current and past employers, supervisors and co-workers. The investigator must be careful to evaluate the degree and recency of contact between a contact and the applicant. For example, information from a past employer who only dimly recalls the applicant from a summer job five years ago, should be viewed cautiously.

1. When interviewing employers or supervisors the investigator may ask:

a. Why was the applicant’s employment terminated?

b. Was the applicant punctual and dependable?

c. Do you have any record of disciplinary problems with the applicant?

d. Do you know how the applicant got along with other employees?

e. Do you know if the applicant is honest and truthful?

f. Do you have any record of salary garnishments or other financial problems of the applicant?
Areas of Inquiry

g. Did the applicant have any extended or frequent work absences?

h. Did the applicant ever file a claim for worker’s compensation?

i. Is the applicant eligible for rehire?

j. Can you think of any reason why the applicant might not be qualified to become a law enforcement officer?

2. When interviewing past or present co-workers, the investigator may ask:

a. How did the applicant get along with co-workers?

b. Do you know if the applicant is dependable?

c. Can you think of any reason why the applicant may not be qualified to become a law enforcement officer?

d. Can you suggest any other persons who may have information about the applicant?

e. Are you aware of any substance abuse by the applicant?

3. There are several specific areas of inquiry the investigator should consider:

a. It is appropriate to inquire into the reason for an applicant’s having no previous employment or long periods of unemployment. Such an inquiry might lead to information concerning the applicant’s willingness to confront problems, dependability and desire for self-improvement. However, there are many legitimate reasons for unemployment and no conclusions about the applicant should be drawn from that mere fact alone. The investigator must look into the circumstances of the applicant’s lack of employment.

b. Receipt of welfare assistance, unemployment compensation or worker’s compensation is legal and generally no judgement about the applicant should be based upon the applicant’s having received such assistance. However, if the investigator finds that the applicant has received assistance through fraudulent means, that would reflect upon the applicant’s integrity. Additionally, information garnered about the applicant’s worker’s compensation claims history would provide some indication about the applicant’s physical ability.

c. Extended or frequent work absences may reflect adversely on the applicant’s dependability. The investigator should inquire into the circumstances of the absences to determine if they were reasonable or justifiable.
d. Having been fired or asked to resign from employment may reflect on an applicant’s integrity or dependability. Information from a previous employer who fired or asked the candidate to resign must be carefully evaluated and should be balanced against the applicant’s explanation of the occurrence.

e. A candidate’s interpersonal sensitivity or willingness to confront problems might be revealed by an inquiry into the applicant’s reason for leaving a job.

f. The investigator should inquire into the reasons for the rejection of the applicant from another law enforcement or closely related position. Obviously, this type of information may be highly relevant to the applicant’s qualifications as a law enforcement officer. Such information must be carefully verified and evaluated.

4. Some types of employment information have little relevancy to employment as a law enforcement officer and should be avoided unless a bona fide occupational qualification for such areas can be established. Some of these areas include:

a. Routine inquiries concerning the number of persons the applicant has supervised are usually irrelevant since entry-level law enforcement positions are non-supervisory.

b. No conclusions should be drawn from the current salary of the applicant. Salaries do not indicate anything about a person’s qualifications to be a law enforcement officer.

c. Inquiries should not be routinely made about whether the applicant has been a member of a labor or employee organization. Membership in an employee organization is not related to job performance as a law enforcement officer.

102.06 Legal - The applicant’s relationship with the law is obviously an important area of inquiry for the background investigator. Non-law enforcement employers must establish business necessity as narrowly interpreted in order to make employment decision based on criminal history. However, law enforcement employers may consider convictions and disqualify applicants for employment based on criminal history. The courts have upheld good moral character as a standard for law enforcement officers provided adequate safeguards are present to ensure protection of the applicant’s privacy, freedom of speech and association. These rights are balanced against the government’s interest in having a work force that can be relied upon and which can maintain the public’s confidence. It is recommended that the investigator inquire whether the applicant has ever been arrested or detained, charged with a crime or convicted of a crime.

1. No conclusions should be drawn from the mere fact that an applicant has been arrested or detained without consideration of other factors.
Areas of Inquiry

2. Inquiring into the applicant’s involvement as a plaintiff or defendant may lead to information concerning the applicant’s integrity, dependability or credibility as a witness in a court of law.

3. The policy and statute prohibit employment of officers convicted of a felony and/or a crime involving moral turpitude. This prohibition extends to anyone who has entered either a plea of guilty, a plea of nolo contendere, has been ordered into probation or pre-trial diversion or has been fined in relation to such crimes. Should an investigator discover that an applicant has been convicted of such crimes, the agency head should be consulted as to whether to continue the investigation.

   a. Not all states use the terms felony or misdemeanor to differentiate between crimes. Further, a felony in one state, may not be a felony in other jurisdictions. In jurisdictions where the felony/misdemeanor system is not used, the maximum sentence that could be imposed for the crime is your guide for determining eligibility regardless of the actual sentence imposed. Where the maximum prison sentence is over two-year, the crime would exclude service as a law enforcement officer in this state.

   b. Investigators should not consider crimes that have been expunged which may include felonies or crimes involving moral turpitude. All other classes and types of convictions and/or relief for such crimes are open for consideration. For example, an individual who has been pardoned is not eligible for service as a law enforcement officer unless that pardon also includes an expungement. Other forms of ineligible applicants would be, non-adjudication of guilt where the plea entered was guilty or nolo-contendere or where the applicant was ordered into probation or pre-trial diversion, fined, had suspended sentences, or the finding of guilty with no imposition of a sentence.

   c. Access to sealed juvenile records by a law enforcement agency varies from jurisdiction to jurisdiction. In Mississippi, law enforcement agencies may release records to other law enforcement agencies. Otherwise, investigators must obtain an order from the youth court to disclose records. Where an investigator finds that an applicant’s record is sealed, the investigation must concentrate on other sources to complete the background investigation.

4. Drug and alcohol offenses should key the investigator to explore the extent of the applicant’s history of drug and alcohol usage. The courts generally allow drug prohibitions as long as they are job related and take into consideration such things as frequency of prior use, type of drugs used, and the length of time since last use. For example, marijuana usage varies widely among the population. In Mississippi, marijuana possession in small quantities is a misdemeanor. Investigators should weigh all factors in considering whether the applicant has a drug problem, lacks moral character or simply exercised poor judgement in experimenting with an illegal substance.
5. Homosexual offenses normally would be cause for rejection as illegal conduct. However, if the applicant has merely established a particular sexual orientation, adverse action cannot be taken unless there is a showing that homosexuality has a relationship to the ability to perform the job.

6. Criminal records may be obtained by returns from the fingerprint cards submitted to the State Bureau of Investigation and the FBI. In order to ensure a complete records check, the investigator should also check the applicant’s local record where they have worked or resided.

102.07 **Motor Vehicle Operation** - The operation of a motor vehicle is an integral part of a law enforcement officer’s duties. The investigator should be thorough in inquiries in this area. It is recommended that the investigator inquire into the applicant’s driving record to include traffic infractions, motor vehicle accidents, reasons for the refusal of any state to grant a license to the applicant and whether the applicant is complying with law regarding insurance, licensing, inspection stickers and tags.

1. The applicant’s driving record can reveal past behavior concerning operation of a motor vehicle, observation skills, or dependability. Further, the applicant’s driving record could be a very important indicator of attitudes toward authority, judgement and maturity.

2. Offenses involving alcohol should be fully checked for any indication of a pattern of abuse. DUI offenses by themselves do not automatically eliminate a candidate from consideration for certification unless the candidate has been convicted of a felony DUI offense. Investigators should consider all elements of the DUI offenses along with the applicant’s total background investigation in making a recommendation to the employing official. Factors such as the frequency of DUI, length of time since the last offense, attempts at alcohol rehabilitation and insurability should all be considered in determining the probability of the applicant’s successful job performance.

3. In evaluating the applicant’s driving habits, the investigator should rely primarily on a review of driving records. Remember that all local records should be checked in addition to the state repositories. It is not uncommon to discover traffic offenses and DUI’s that do not exist on the state level driver history.

102.08 **Military Service** - An inquiry into the applicant’s military history can lead to information concerning many desired personal characteristics of a law enforcement officer. Most notably, the nominee’s reputation for honor and truth, respect for law, ability to work within a structured environment and performance of duty in the face of adversity can be derived from the military records. It is recommended that the investigator inquire into the applicant’s military history, determine the type of discharge the applicant received, inquire whether the applicant has ever been the subject of any judicial or non-judicial disciplinary action while in the military.

1. Much of the information about an applicant’s military service can be gleaned
Areas of Inquiry

from examining one document, the DD Form 214, “Report of Transfer or Discharge”. All individuals separated from the military receive a copy of this document. Law enforcement agencies should require that applicant’s produce this document along with other required documentation. In addition to the DD 214, applicants should sign a “Request Pertaining to Military Records”, GSA Form 180. The nearest recruiting office can provide you with copies of this form.

a. There are several copies of the original DD 214. The “member” copy or long copy should be the only acceptable document as this document includes discharge information and reenlistment codes. It is important to note that many individuals have more than one period of military service, therefore the DD 214 should be submitted for each period of military service. The dates of service should be carefully compared to the dates noted on the personal history statement. Members may attempt to submit earlier DD 214’s under which they were honorably discharged and omit recent periods of service that resulted in a less than honorable discharge.

b. Investigators should also be aware that all service obligations should total six years. For example, most active duty enlistments are four years in length followed by a two year period in the reserve component. Periods of service that are considerably shorter than the norm should cause the investigator to query deeper into the service record to determine why the applicant left before expiration of the enlistment period.

c. Promotions in the military are based on a number of factors to include seniority and duty performance. Advancement in the enlisted grades of E-1 to E-3 is practically automatic. Most individuals should be able to earn the rank of E-4 within two to three years of active duty. Individuals who leave the service after four years of active duty with the rank of E-1 have probably experienced problems which should be examined further to determine the full extent and nature of the situation.

d. Each individual has been assigned skill codes and attended training related to their assigned skill area. Many of these codes have additional extenders which relate to additional skill areas or qualifications. Investigators should familiarize themselves with the skill codes for military police in each of the branches to enable immediate verification when applicants claim military police as a skill area. Many military police duty assignments are primarily composed of guard duty rather than law enforcement. Again, your local recruiting office should be able to provide you with up to date information on the various codes.

2. The candidate’s original application and DD 214 should be reviewed to see if they have ever been tried, punished, reprimanded, or reduced in rank for any infraction of military rules. If disciplinary problems are indicated, it could be a reflection on the candidate’s unwillingness to adhere to limitations or an
unwillingness to comply with orders.

a. It should be noted that there is a very distinct difference between an Honorable Discharge and those classified as discharged under honorable conditions. In many cases, a service member may apply for an upgrade of a less than honorable discharge which would be reflected on the DD 215.

b. Only applicants with Honorable Discharges or General Discharges under Honorable Conditions should be considered for law enforcement service. Lesser discharges to include any discharge which has been upgraded to a discharge under honorable conditions are generally indicative of disciplinary problems or criminal activity.

c. All discharges are based on a particular chapter which is descriptive of the overall nature of the discharge. This information is usually entered in the separation authority block. A final indicator of the individual’s service is the re-enlistment code. This code tells recruiters whether the service member is eligible for re-enlistment.

3. Information on the DD 214, DD 215, and other military records may be obtained by sending the release form GSA 180, to the appropriate military records center listed on the back of the form. Former commanders, supervisors and military acquaintances may be contacted by letter using the World-wide locator service. Any contact with such personnel should be evaluated as to the degree and recency of contact with the applicant.

102.09 Education - Inquiries into the applicant’s educational background can lead to information concerning the applicant’s integrity, learning ability, communication skills and desire for self-improvement. Generally the most productive areas would be high school and post-secondary school levels. Grammar school and junior high experiences would normally be too remote to be relevant. It is recommended that the investigator validate whether the applicant possesses a high school diploma or GED and validate any higher degrees claimed by the candidate. The investigator should also inquire into the applicant’s educational background, and inquire into the applicant’s disciplinary incidents such as expulsion or suspension from school.

1. The socialization process of maturing is largely cemented during the high school and post-secondary years. The applicant’s success in this all important area may be reflected in academic successes or failures, extra-curricular activities, demonstration of leadership, dependability or erratic behavior. Much of this information can be gleaned from official school records, administrators and teachers.

2. It is important to consider the time element which has elapsed since the applicant was a student. Data developed from school days should be considered along with the rest of the story.

102.10 Financial - The applicant’s behavior regarding the handling of finances is an
Areas of Inquiry

important area of investigation. Inquiries into this area can lead to information bearing upon an applicant’s integrity, problem-solving and dependability.

1. A credit reporting agency is quite often a valuable source of information regarding a candidate’s financial condition. For a nominal fee, most will provide a comprehensive credit history for all places of residence.

2. Areas that should be evaluated are the applicant’s debt ratio, garnishments, bankruptcies, repossessions, delinquent taxes and child support payments. A pattern of indebtedness, outstanding judgements or failure to meet obligations would be indicative of the candidate’s inability to live within one’s means.

102.11 Relatives, References, Acquaintances, Clubs and Organizations - Anyone who knows the applicant is a potential source of relevant information. The degree and recency of contact along with the nature of the relationship will be critical factors in determining the relevancy of information developed from such sources. Interviews with relatives, references and acquaintances should be carefully prepared from the agencies’ desired list of personal characteristics.

1. Potentially, a relative could comment on any of the desired personal characteristics. However the investigator may find it more useful to center interviews with relatives around the applicant’s willingness to solve problems, interest in people, interpersonal sensitivity, dependability and integrity. The investigator may ask a relative to describe a situation in which the applicant demonstrated dependability.

2. References and acquaintances are potential sources of both information about the officer and additional sources of information such as other acquaintances. Close friends, Sunday school teachers, Scout masters and the like may tend to emphasize the positive aspects of a candidate due in part to the circumstances of their acquaintance. A more balanced evaluation of the candidate may be gathered by interviewing other acquaintances not provided by the applicant.

3. Conclusions from the mere fact of membership or office holding in any legal club or organization should be avoided. Routine inquiries into membership in organizations which some feel may indicate a lack of interpersonal sensitivity are not recommended. Illegal behavior in connection with membership in clubs and organizations is relevant to an applicant’s qualifications and should be investigated.
Sample Personal History Statement

The Board has developed a sample personal history statement for use in conducting background investigations ("BI's"). The sample may be extracted and photocopied for your agency’s use or you may elect to develop your own history statement. This document should provide the start point for conducting a “BI”.

NOTICE: This form is for the agency’s use only. Do not send this form or similar forms to the Board. This form may serve as the basis for completing the mandatory “Application for Certification” form Parts I, II and III.

- A letter to be sent to Law Enforcement Agencies for record checks.
- A general information release form.
